3. Light, sound alarm

Dimensional drawing:

Parameters:

Cabinet Material	304 Stainless Steel
Dimensions	1350*1500*2300mm
Weight	150KG
Channel	Single
Blades	3/4pcs
Rod Length	≤ 510mm
Angel	≤ 90/120 degree
Opening Signal	Relay
Material Thickness	1.5mm
Card-reading Window:	Two
Protection function	Infrared anti-pinch,Break-in alarm function
Direction	Bi-directional
Service Life	5million times
Operating Temperature	-25℃ ~ +60℃
Related Humidity	≤ 90%RH
Communication Interface	TCP/IP

Application:

Full height turnstile

- 1.Can be compatible with face recognition, IC card,ID card,bar code card,fingerprint reading card recognition device.
- 2.Used for staff, provide civilized,orderly access methods,effectively manage the access of staff .
- 3.Can be widely used in some high security places,such as prison,stadium,parking system area and so on
