# FUNCTION

## PRODUCT

The perfect combination of vacuum and mechanical roller technologies to dispel dampness and cold, promote blood circulation, improve the lymphatic system, stimulate the regrowth of collagen cells, and promote circulation and metabolism.

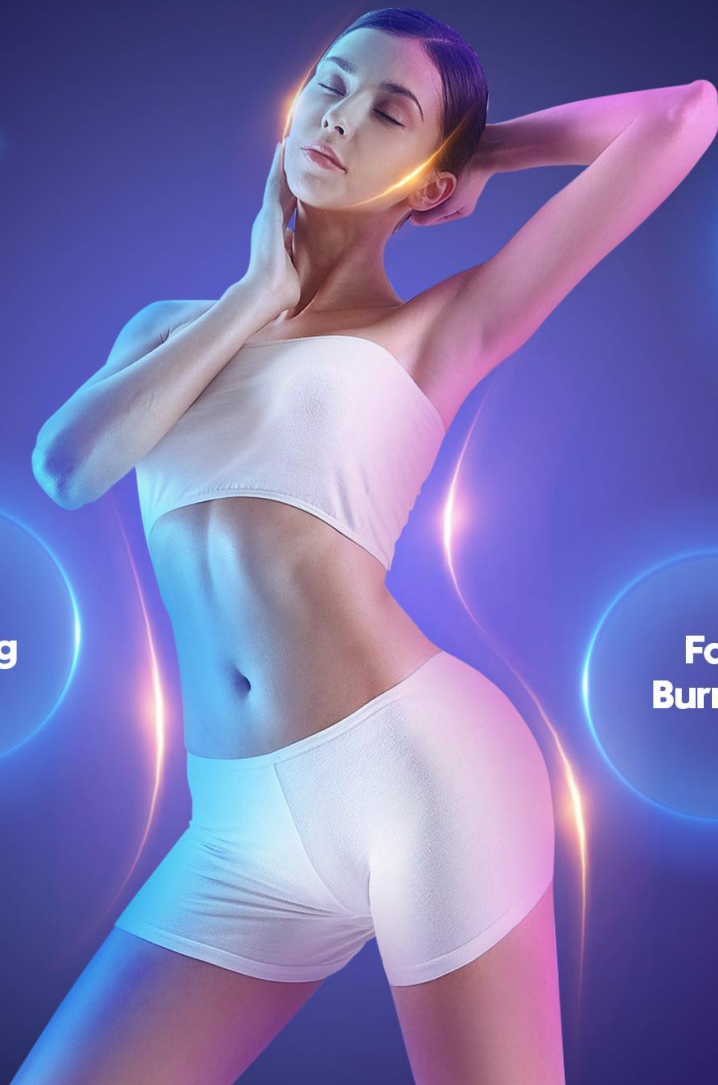

### Body Shaping

### Skin tightening Skin Lifting

The RF generates heat from the inside out and tightens fibrocytes by bringing the subcutaneous temperature up to 45°C to 60°C

### Fat Burning

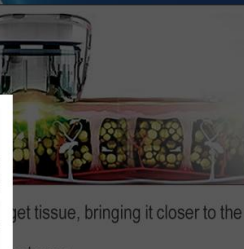

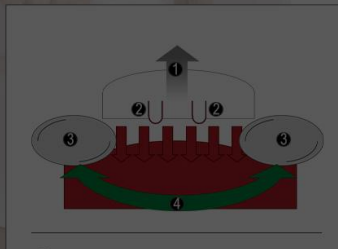

To reduce the number of fat cells and completely disintegrate stubborn fatty tissue

# 6 IN 1

## Cavitation + Vacuum + Roller + RF + IR + LED

Velashape is a machine that combines Cavitation, Vacuum, Bipolar RF, Infrared laser, Mechanical Roller and LED. It is suitable for fat burning, body shaping, skin tightening, and physiotherapy for all parts of the body. It can effectively degrade subcutaneous fat cells into carbon dioxide and water, while promoting metabolism and greatly improving the effects of fat loss, body shaping and physiotherapy.
