Quartz Sink

Innovative Design Changes Life

Kitchen Sink Series

TALLSEN

Multifunctional and practical, it is used to store tableware, ingredients, cooking utensils, etc., to achieve different storage needs.

Storage

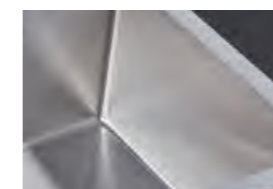

Simple design, simple but with simple configuration, classified storage of ingredients and dishes, making everything in good order.

Design

Made of SUS304 stainless steel/quartz material, healthy and environmentally friendly, anti-corrosion and anti-oxidation.

Material

Using CNC technology, hand-polished, the surface is smooth and flat.
