Four-Side Basket

# Innovative Design Changes Life

Starlink Series

TALLSEN

Multifunctional and practical, it is used to store tableware, cooking utensils, condiments and other items to achieve different storage needs.

## Storage

Minimalist design style, large-capacity storage, classified storage of tableware, cooking utensils, and condiments, making everything organized.

## Design

Using nano plating process, anti-skid and anti-rust, healthy and environmental protection, the salt spray test can reach 10 grades for 96 hours.

## Anti-slip

Matching soft closing undermount slides, the basket can bear 20-30KG, and it is smooth and silent under full load.

## Bearing
