

ODF Unit Fiber Splicing Tray

Product Drawing

Product Description

The Network Faceplate/Rosette Box adopts a simple and fashionable exterior design, ensuring durability and providing a variety of color options to meet different needs; Support multiple network connection methods, including wired and wireless network access, to meet diverse network needs; The panel box adopts a modular design, which is easy and fast to install. Support multiple installation methods to meet the installation needs of different scenarios.

Product features

- Structural standard, 19 inch standard rack mounted, with good versatility and easy installation.
- The interface diversity panel interface supports multiple types such as FC/SC/DLC, meeting different fiber connection requirements.
- Supports wall or backrest installation, and can be installed on a large scale, providing flexible installation methods.

Application

CATV.

Fiber optic network system.

telecommunication network.

LAN system.

Industrial control network system.

Technical Specifications

Product Parameters

Project	Technical indicators
Product name	ODF Unit Fiber Splicing Tray
Material	ABS
Color	Grey or customized
Port	12 24 48 port
Adapter	FC/LC/SC
