ZY-709N 全自动尼龙穿头切断一体机
ZY-709N Full auto nylon slider mounting and cutting machine

- 可用于尼龙、塑钢和金属等箱包拉链的单个拉头的制作。
- 尼龙拉链和塑钢拉链码装不需要定寸除齿，可直接穿头和切断。
- 可显著提升箱包拉链生产效率，同步降低人工成本。

- This type of machine is used to make single slider for nylon, plastic and metal luggage zippers.
- Nylon zippers and plastic steel zippers do not need teeth removed when assembling, and can be directly inserted sliders and cut.
- This machine greatly improves the efficiency of making luggage zippers and reduces labor costs.

ZY-709N-D 全自动尼龙超音波五合一机
ZY-709N-D Full auto ultrasonic slider mounting double welding stops and cutting machine

- 尼龙拉链不需要提前定寸除齿，可直接设置拉链长度，穿单拉头和熔上下止。
- 该机器集成五机功能，同步降低设备采购与人工成本。
- 可应用于家纺、箱包行业。

- Nylon zippers do not need to be sized and teeth removed in advance. Just set the zipper length, wear a single slider and melt the upper and lower stops.
- One machine has the functions of five machines. Greatly reduce the cost of purchasing machines and manual operation costs.
- Used in household textile and luggage industries.

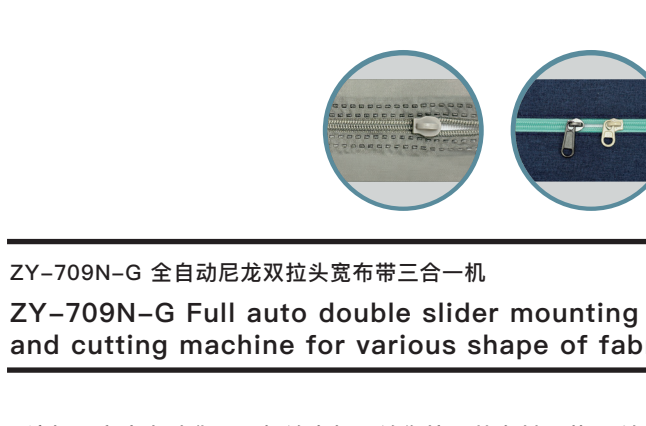

ZY-709N-E 全自动尼龙双拉头三合一机
ZY-709N-E Full auto double slider mounting and cutting machine

- 具备穿一个拉头或穿二个拉头的尼龙拉链生产功能。
- 操作简便直观，可用于制作面对面、背对背的两个拉头。
- 广泛应用于行李箱包、背包、服装口袋设计等。

- This machine has the function of producing nylon zippers with one or two sliders.
- The operation is simple and easy to understand. The machine can produce two sliders facing each other or back to back.
- It is widely used in luggage, backpacks, clothing pocket design, etc.

ZY-709N-G 全自动尼龙双拉头宽布带三合一机
ZY-709N-G Full auto double slider mounting and cutting machine for various shape of fabric

- 该机器高度自动化，可与缝合机无缝衔接，从布料码装->缝合布料码装和拉链码装->连接双拉头宽布带三合一机器。整套设备联动作业，可提升效率40%以上，同时节省10万人工成本。
- 广泛应用于家纺、箱包等多个行业领域，如床垫、化妆包、笔袋、拉杆箱、手提袋等各类家纺及箱包产品。

- The machine is more automated and can be used together with a sewing machine. From fabric stacking---sewing fabric stacking & zipper stacking---connecting double slider wide tape three-in-one machine. The machines are started together, which improves efficiency by more than 40% and reduces labor costs by more than usd 10 thousand.
- It is widely used in household textile, luggage and other industries. Such as mattresses, cosmetic bags, pencil cases, trolley cases, handbags and other luggage industries.
