Plastic crayon

Plastic crayons are an innovative alternative to the classic wax crayon. Non-toxic plastic material leaves your hands clean unlike wax crayons and much more break-resistant. Leaves no waxy residue on hands so there is no need for a messy paper wrapper.

Oil Pastel

Oil Pastel

Non toxic oil pastel, brilliant true color for good blending to secondary colors. It is idea- for use on paper, board or canvas, wrapped for extra strength, much more vivid than- chalk pastels, crayons, and more resistant to the effects of humidity for longer lasting- drawings.
