Adam's plans and future

Adam Electronic Technology Co.,Ltd

Founded in 2004, it focuses on the research, development, production and sales of industrial connector cables.

System Certification: ISO9001:2015/ISO 14001/BSCI

Product certification: CE/RoHS/SGS/CCC etc.

Patent protection: A high-current waterproof connector; A reliable & high-performance RJ45 network cable; A highly reliable flexible cable; a waterproof connector product waterproof test device; A highly reliable, long-life connector, etc.

Yard 1, No. 10, Zhenyuan East Road, Zhen'an Technology Park, Chang'an Town, Dongguan City, Guangdong Province

ADAMICU
ABOUT US

Business philosophy

01

Mission

**Pursue the material and spiritual happiness of all employees!
Provide products and services that impress customers!
Contribute to the stability and progress of society!**

02

Vision

**Become a world-renowned brand in the connector industry and
build a first-class team in the industry!**

03

Values

**Hard work, altruism, gratitude, optimism, humility,
and innovation!**

Machine Vision Cable

Industrial Ethernet Cable

Drag Chain GigE Cable

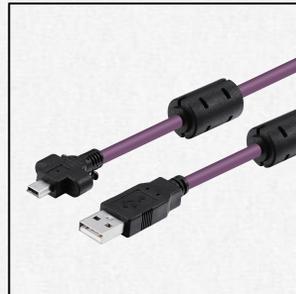

I/O Cable

CoaXPress Cables

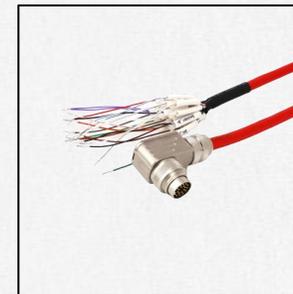

Camera Link Cables

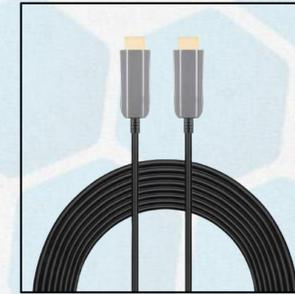

USB2.0/Mini USB cable

USB3.0A/MicroB cable

LMI Cable

HDMI Fiber Optic Cable

One-stop shopping for industrial camera **peripherals!** Mature technology, stable performance, and fast response.

Robot Cable, Industrial Cable

Industrial Robot Cable

Industrial Ethernet Cable

Servo Motor Cable

Communication Cable

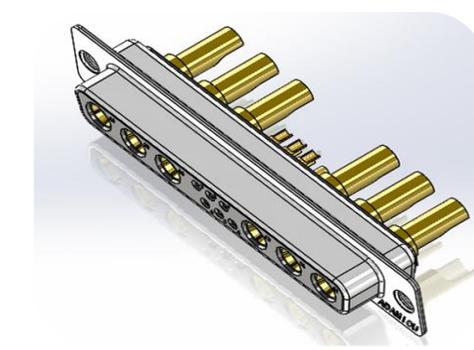

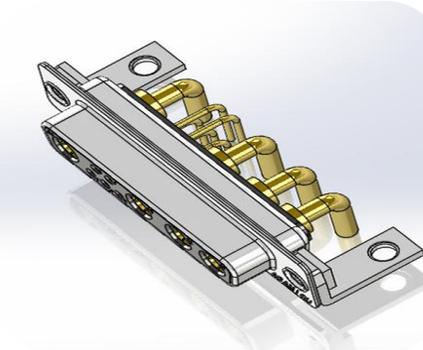

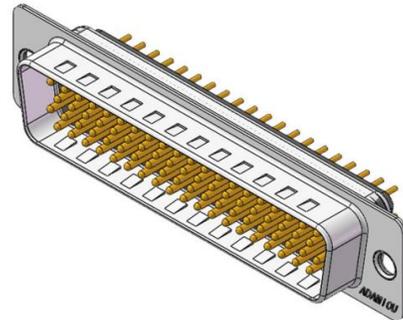

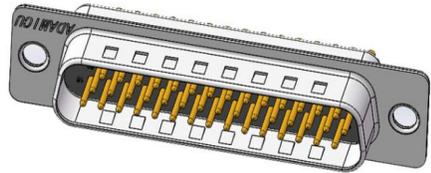

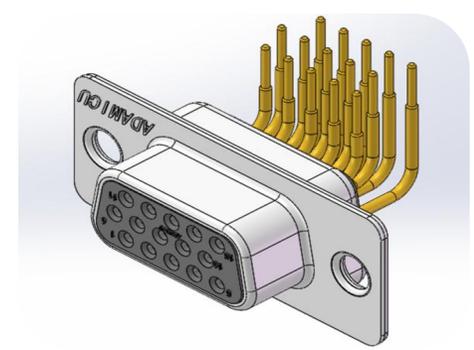

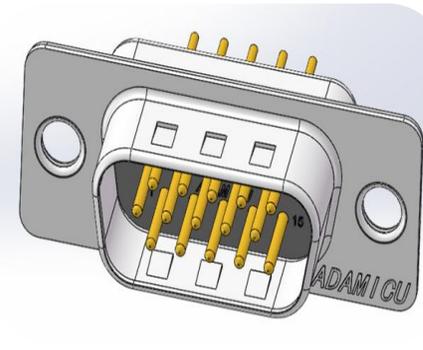

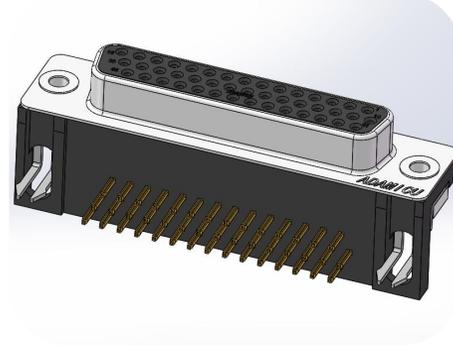

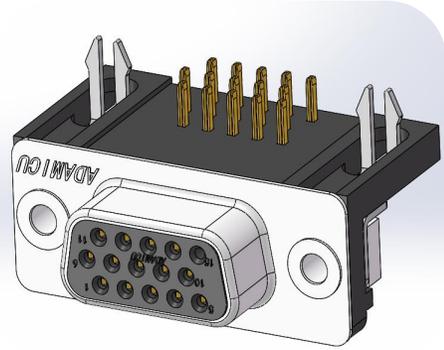

Push Pull cable

Provide robots, automation equipment peripheral wiring, design and complete production, one-stop procurement!

New Energy Cable

D-SUB CONNECTOR

Main D-SUB connectors: 180 degree solder type, 90 degree bend, 180 degree straight, solid needle/, high current.

Second row: 9/15/25/37P

Three rows: 15/26/44/62P male and female

High P position punch needle: 50/78/104P male and female

20 years of main products, complete variety, stable quality, high cost performance!

M Series Connectors

M8

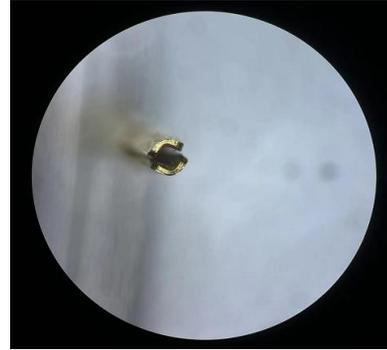

M12

Adapter

Hirose series connector

Hirose 6P female

Hirose 6P male

Hirose 6&8P female

Hirose 12P female

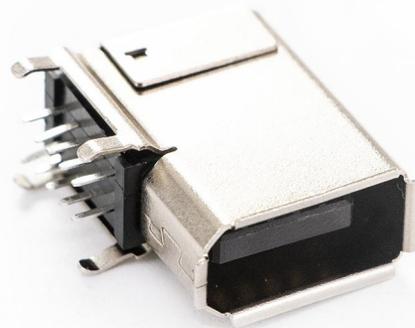

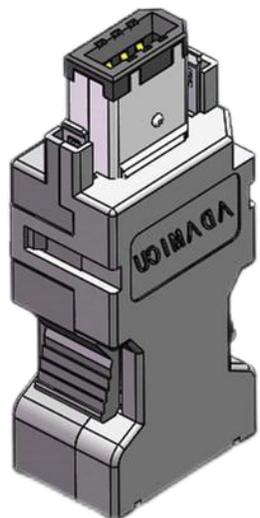

Hirose 12P male

Hirose 12P
threaded female

Hirose 12P
threaded male

Suitable for aviation, aerospace, industrial equipment, medical equipment, high-speed rail equipment.

Servo Connectors

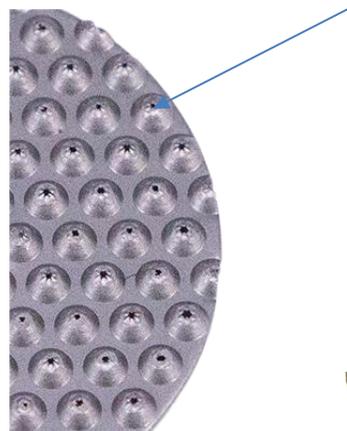

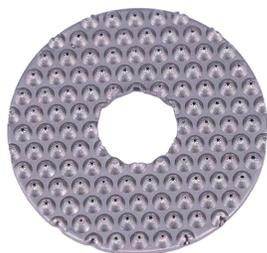

Precision Hardware

Precision Stamping Terminal

Minimum-value aperture: $\varnothing 0.08\text{MM}$

Cell tissue grinding knife

1:1

Military grade precision claw spring

Machined parts

One-stop production of connectors, cables and main accessories.

Stamping workshop

Injection workshop

Lathe workshop

Automated workshop

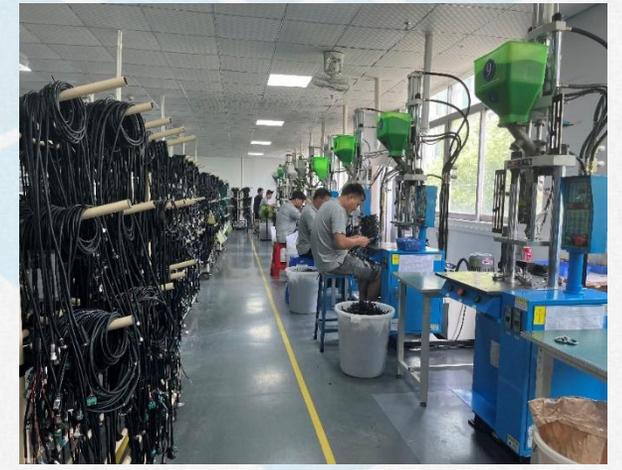

Connector assembly workshop

Wire workshop

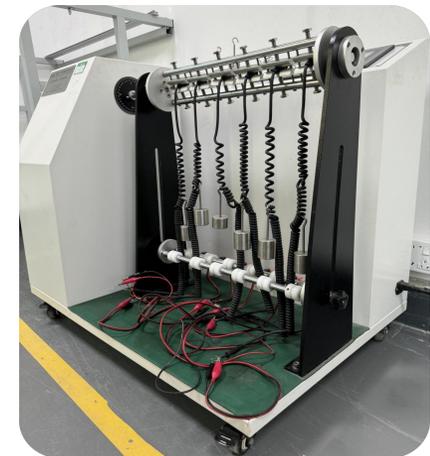

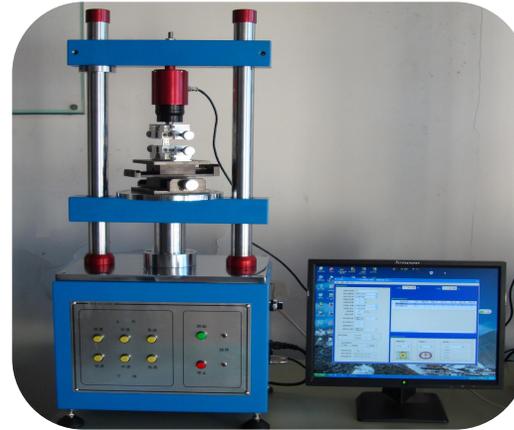

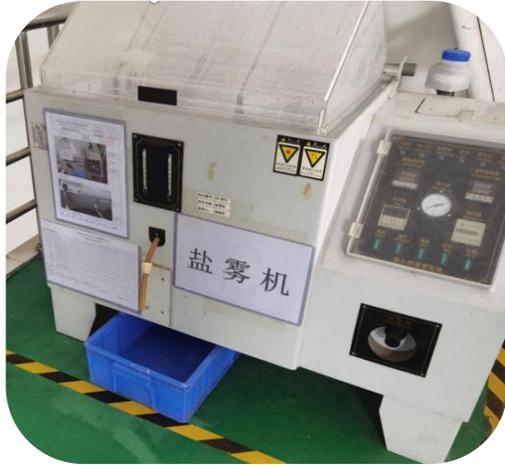

In-machine line workshop

Molding workshop

Standard connector and cable test chamber

Professional R&D team

More than 20 R&D technical team, professional connector and wire material engineering and technical personnel.

Connectors, cables, one-stop solutions.

Strict quality control

Process-based, standardized, systematized and strict control are implemented to ensure the quality consistency and traceability of batch products.

Incoming Material Inspection

First Article Inspection

FQC process appearance
full inspection

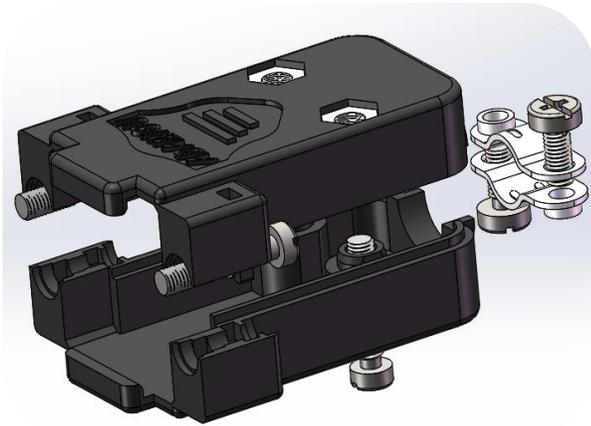

FQC electrical and steam
performance full inspection

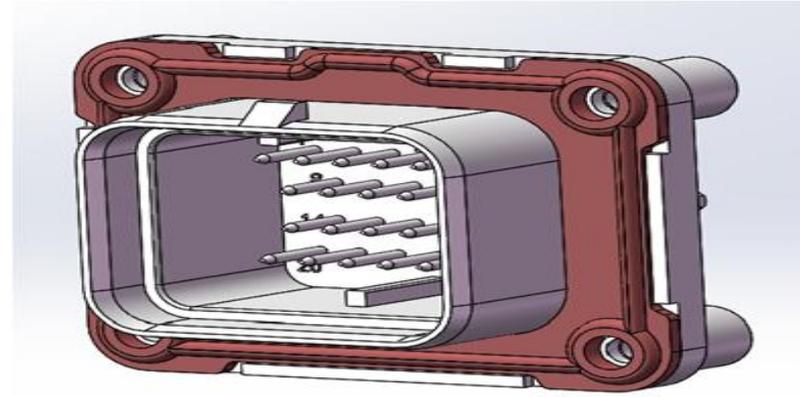

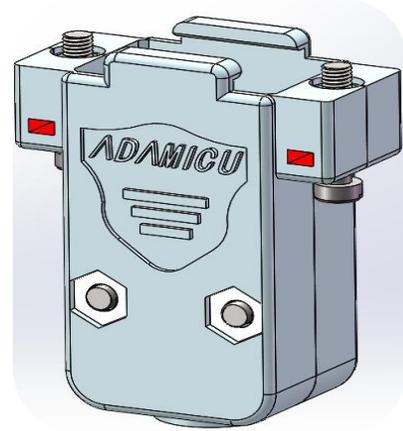

OQC shipment
inspection

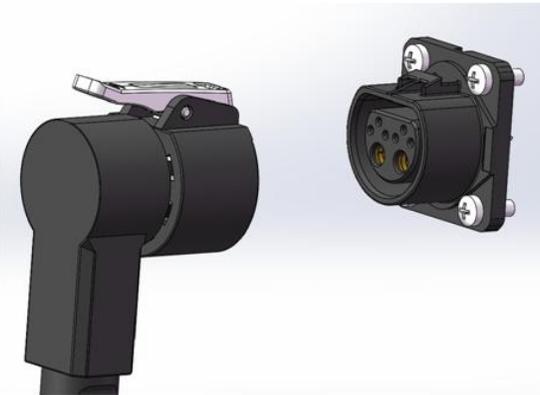

Continuous innovation, excellence, 20 years of continuous focus on the connector industry.

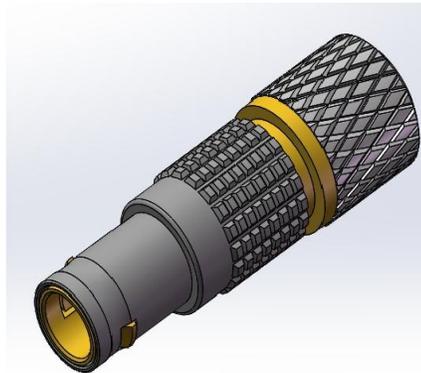

Reduce processes, save labor, save 40 seconds, and increase production!

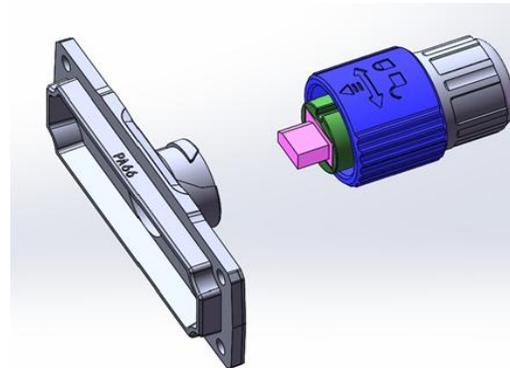

Improved design of automotive connectors

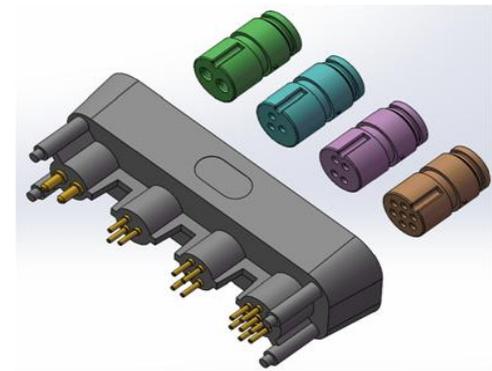

Fast locking, seismic, safer electric vehicle connector

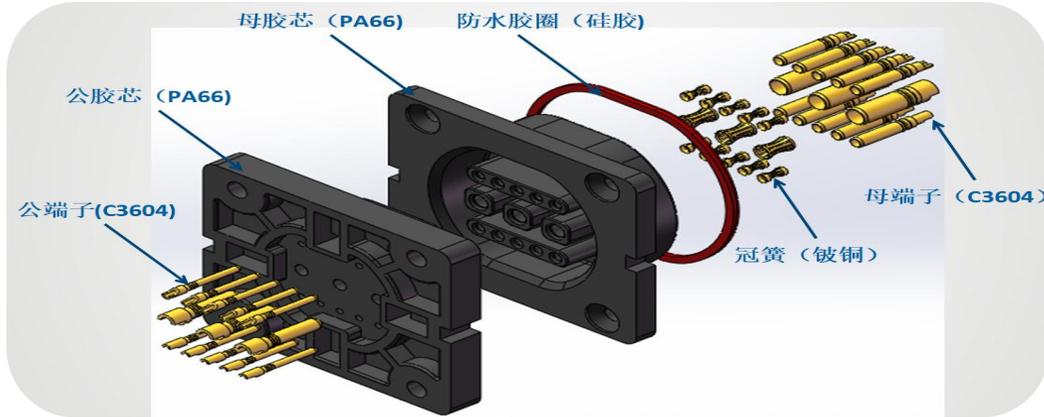

Medical high precision self-locking connector design

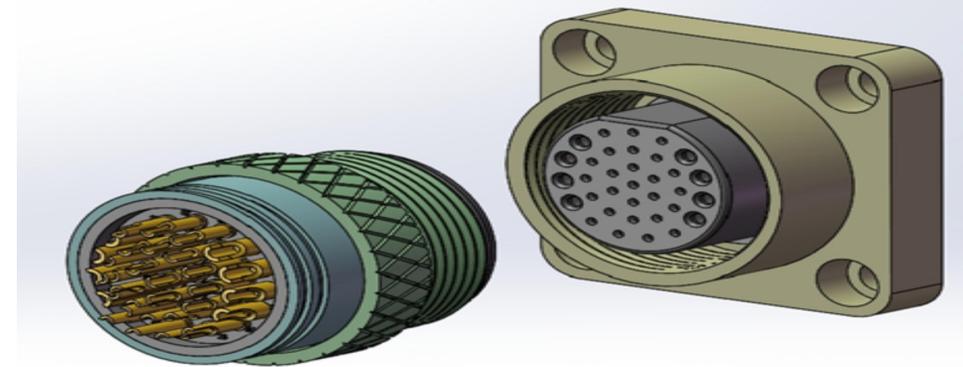

Small self-locking waterproof connector design

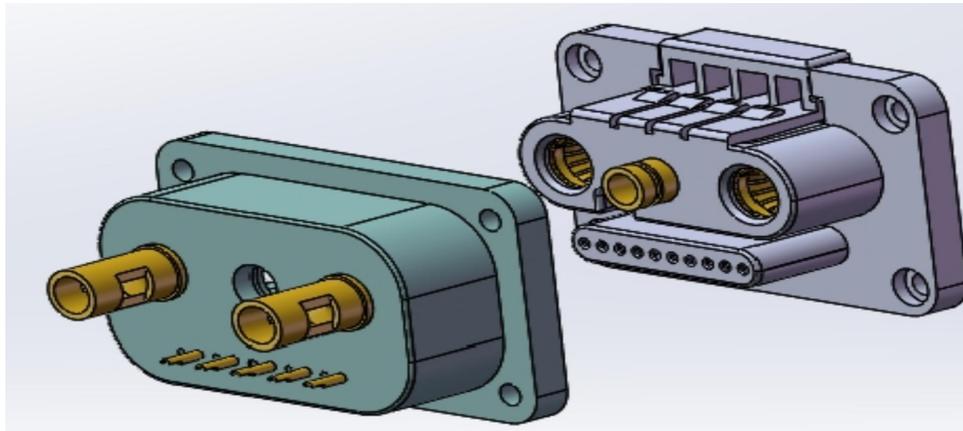

Controller 4 in 1 integrated connector design

Superb technology, providing customized services
for customers

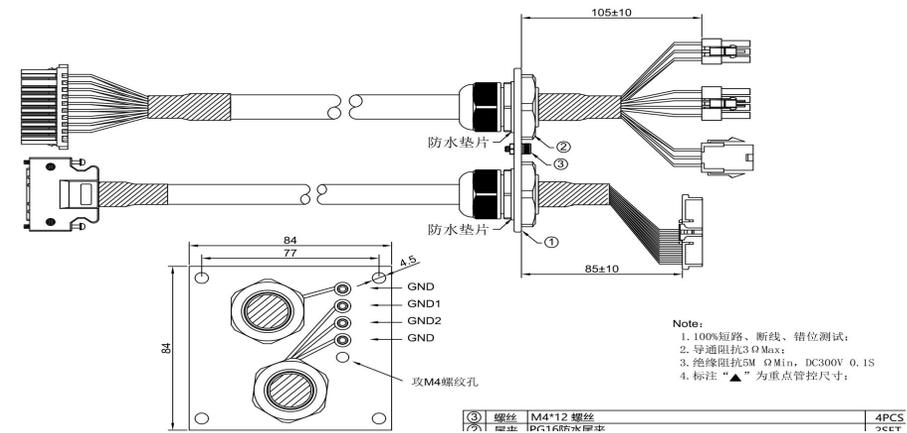

Waterproof, shockproof, spark-proof, reversible insertion,
6000 times lifespan, battery connector

High density, high precision, high current round
product design

75A high current, self-locking, electric and steam integrated
product development

Industrial Robot Cable design

03

ADAMICU
Adam's Advantages

20 years, serving nearly 3,000+ companies worldwide

Core suppliers of leading enterprises

We are loyal to our customers, consider them in every detail, provide them with high-quality products and services, and live up to their trust!

Systematized and professional processes, certified products

Flexible cable reliability test system

D-SUB connector production line test software

USB connector system software

Electronic connector reliability test system

DB-9 connector for quick detection of system software

5 Test System Certificate

A patented data cable with metal spring protection

A waterproof connector product waterproof test device

A highly reliable flexible cable patent

A reliable, high-performance RJ45 cable

A high reliability and long life connector

A self-powered key switch and receiving device

A patented power plug connector that supports over-current and short-circuit protection

7 Patent Certificate

Connector CE declaration of conformity

Cable CE declaration of conformity

Connector RoHS certificate of conformity

Cable RoHS certificate of conformity

CCC certificate

Product Certificate

ISO9001

ISO14001

Quality control Certificate

SGS manufacturer certificate

Your reliable long-term strategic partner

01

20 years of experience in manufacturing industrial connector cables.

02

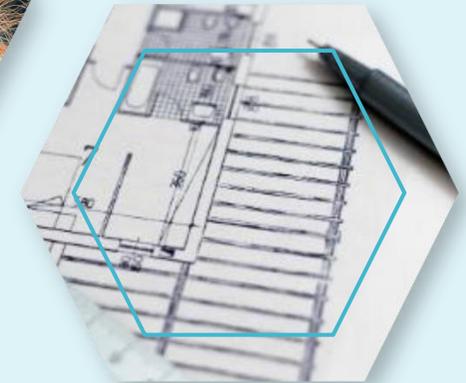

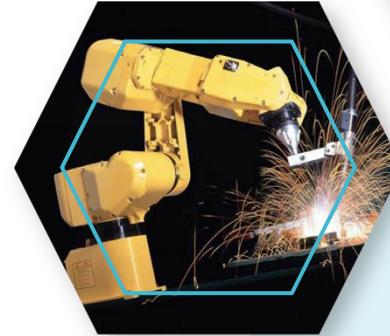

One-stop solution for industrial connectors and industrial cables.

03

Independent research and development, design, tailor-made products for you. Continuous innovation, creating value for customers.

04

Quick response and stable supply.

Industry and social recognition

High-tech enterprise

Member of China Motion Control Alliance

Member of Machine Vision Industry Alliance

Student of Shengheshu Guangdong Academy

Practice base of Hunan Institute of Technology

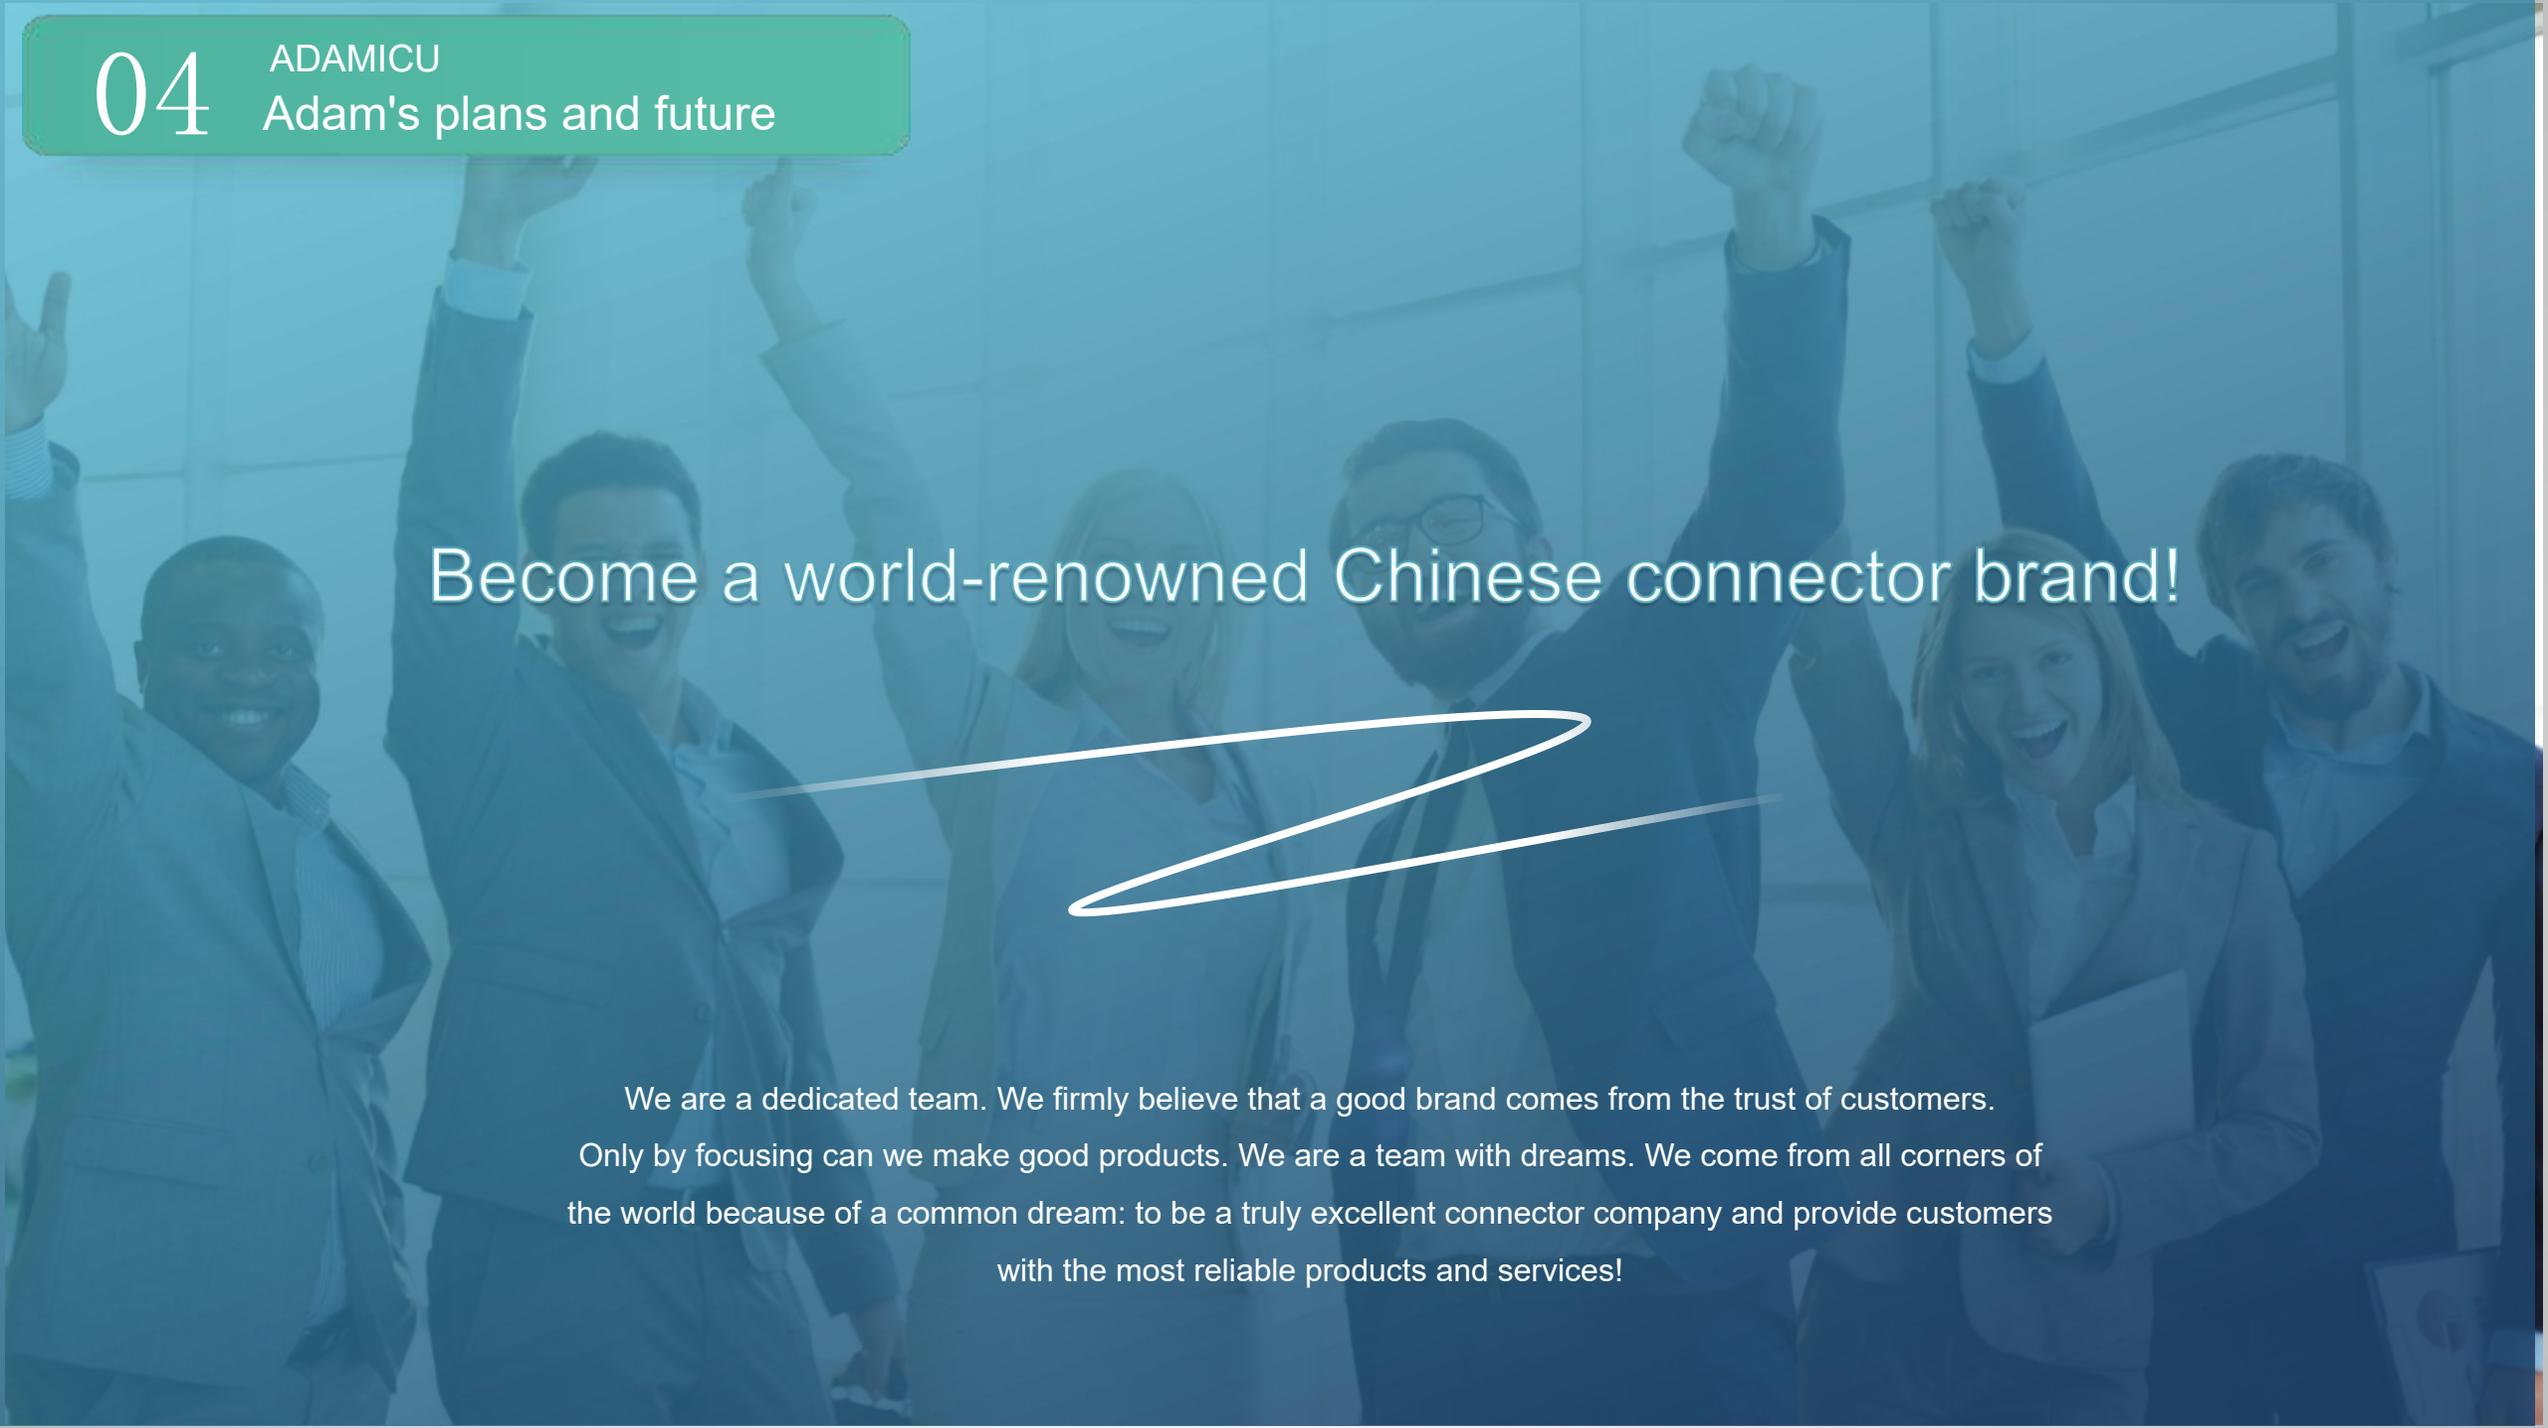

Development Goals

Development Goals

Machine vision cable, Assembly cables, sensor cable, Industrial Robot Cable
D-sub connector, circular connector, industrial control peripheral connector
Develop more stable, more convenient, lighter, safer and faster connectors.

Become a world-renowned Chinese connector brand!

We are a dedicated team. We firmly believe that a good brand comes from the trust of customers. Only by focusing can we make good products. We are a team with dreams. We come from all corners of the world because of a common dream: to be a truly excellent connector company and provide customers with the most reliable products and services!

Conclusion

We **work** together to create
a **better future!**

An aerial view of a city skyline, likely Shanghai, with a blue gradient overlay. The text "Thank you for watching!" is centered in a large, bold, blue font. Below it, the company name "Adam Electronic Technology Co.,Ltd" is displayed in a smaller, bold, blue font. The background shows a dense urban landscape with various skyscrapers and buildings, including the distinctive curved tower of the Oriental Pearl Tower on the right side.

Thank you for watching!

Adam Electronic Technology Co.,Ltd
