Shenzhen Hejia Automatic Printing Machine Co., Limited  
深圳合佳自动印刷机械有限公司

We supply printing machines and accessories manufactured under CE standards.

With over 28 years of R&D and manufacturing experience (since 1997), we supply machines for a wide range of plastic, glass, and metal packaging, including bottles, caps, cups, mascara containers, lipsticks, jars, compacts, shampoo bottles, syringes, beverage cans, and soft tubes.

With over 20 leading engineers and advanced technology, we present our production lines as follows:

- Fully automatic screen printers
- Automatic offset printing machines
- Automatic pad printers
- Automatic hot stamping machines
- Automatic heat transfer machines
- Standard semi-auto screen printers, hot stamping machines, pad printers, heat transfer machines, labeling machines
- Accessories and consumables
- Automatic assembly machines
- Automatic painting lines
- Automatic syringe production lines
- Special customized systems for all kinds of printing solutions.

APM is concentrating on automatic systems, based on the expectation that automation will become increasingly important due to rising labour costs and environmental protection needs. It provides customers with printing solutions designed to meet specific requirements.

Our primary markets are in Europe and the USA but cover the entire world, supported by an established distributor network. We invite you to become part of our network and experience our focus on quality, ongoing innovation, and reliable service.

## Single UV Coating Line

Applicable Technology: Spraying, UV coating

## Double UV Coating Line

Application: Cosmetic bottles, all kinds of bottles, cosmetics UV coating
