## 企业简介COMPANY PROFILE

Hitecdad is a brand in the top 10 Chinese lighting group - Senqiu, which is responsible for overseas market. In the spirit of our name, Hitecdad stands for using the most cutting-edge scientific and technological wisdom to light up the vast world.

Over the past 28 years, by the joint efforts of all members of the group, we have become a large group with 3000 staffs and workers, 100,000sqm modern industry park and 250,000sqm workshop. Under the leadership of Senqiu group, Hitecdad is specialize in R&D, producing and selling Fashion lighting, Commercial lighting, Outdoor lighting and Lighting projects.

With the help of our independent R&D and marketing team, we established 20 domestic and overseas brands, such as Isamay, Unique, Hitecdad, etc. And has been recognized with many honorary titles including Guangdong Province High Technology Enterprise, The Chinese Government Quality Products, Lighting Industry Export Permit Products, and Guangdong Province Famous Brand Products.

Our company has 19 subsidiaries with specialties in research and products like crystal lamps, chandeliers, ceiling lamps, wall lamps, guest room lamps, table lamps, floor lamps, residential kitchen lamps, modern lighting, outdoor lighting, lamp accessories, packaging and more. Our products carry required certifications like ISO9001, CCC, CE, UL, and SASO and are sold across the globe including Europe, America, Middle East, Southeast Asia, Australia, Russia, Japan and South Korea. In China, our domestic sales network and franchise stores are spread across the whole nation.

As the famous domestic brand, we carry out five star services before sales, during sales and after sales. We put our main emphasis on building and retaining a first class service team. We provide a one-stop service solution for our partners and the end-consumers to ensure that we always stand behind our products and services. Adhere to the original spirit, we are operating business with integrity, unity, innovation and practicality while building a people-centered social responsibility system and corporate culture from within. For the future, We will continue to provide matching lighting solutions in the right way for customers from all over the world, create a more warm, comfortable and beautiful light environment.
