A dramatic action scene from a movie. A helicopter is rappelling soldiers down from the sky. One soldier is in the foreground, seen from behind, rappelling down a thick rope. Another soldier is further up the rope. The background shows a city with buildings and a bright, fiery sky, suggesting a battle or a rescue mission. The overall tone is intense and cinematic.

ADVANTAGES OF COOPERATION

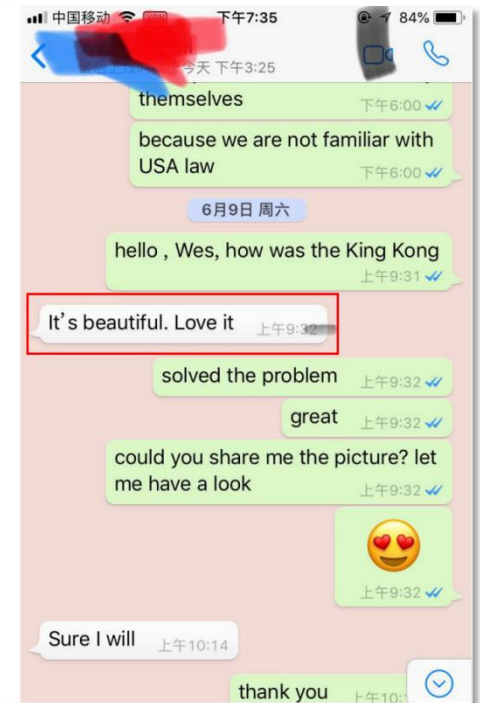

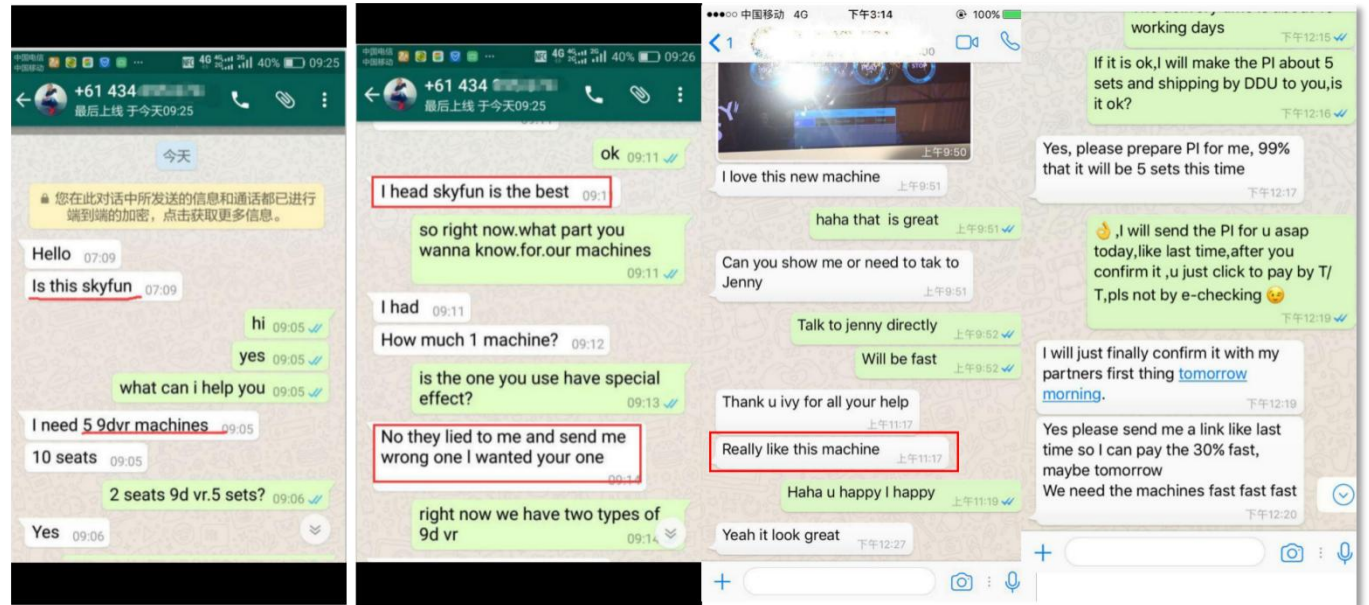

ADVANTAGES OF COOPERATION

1. More than 10 years of production & trading experience, with certain brand credibility in the world
2. The professional after-sales team is committed to providing customers with comprehensive and efficient high-quality services.
3. Exported to 100+ countries, served 1,000+ customers, and won praise and recognition from new and old customers.
4. Have brand influence in multiple countries and create huge profits for customers in a short period of time

For this customer, his selling price is \$15 for kids and \$20 for adults each play, and he has tripled his investment income in two weeks.

PRODUCT REVIEWS FROM CUSTOMERS

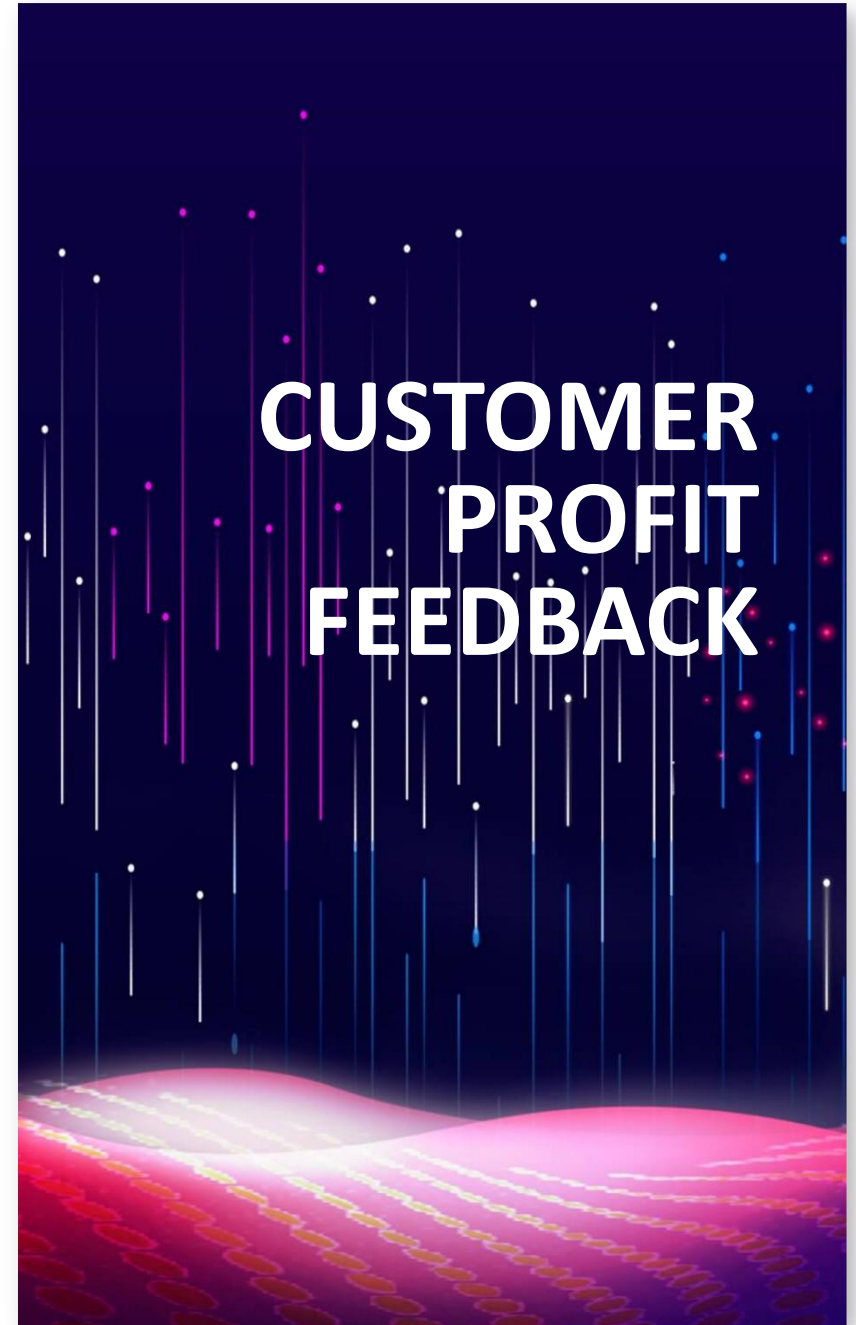

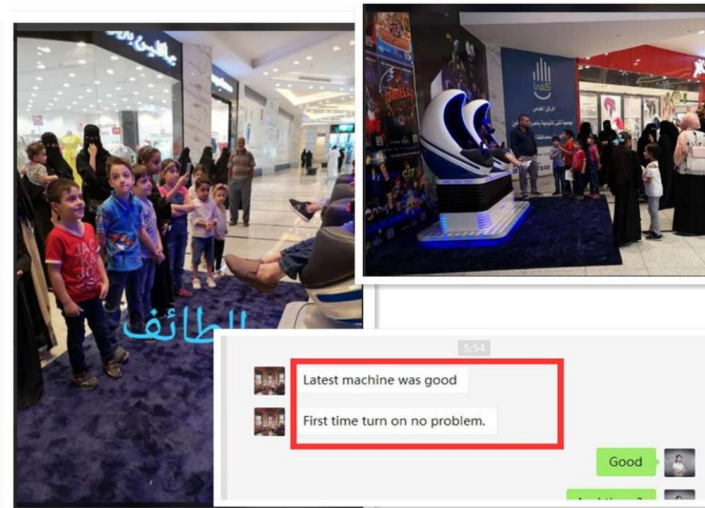

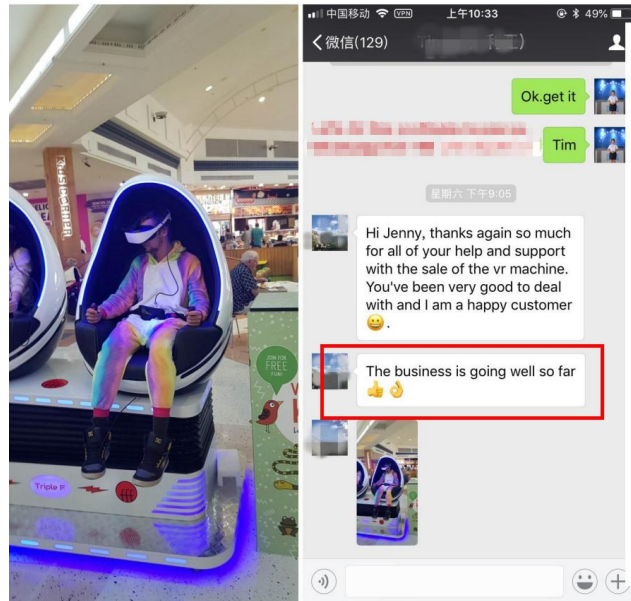

Successful Case

Mr. J is one of our clients in **the USA**, he bought two sets machine from us, large amount to player come to experience the VR machines, he sold **US\$10** for one ride about 5 minutes. Within one month, the machine cost already back.

Now he keeps purchasing machines from us and owns more than 10 sets in several different places.

Equipped with mature operation management tools

Agents Have Professional Teams To Guide Them At Important Nodes Such As Customer Development, Marketing, Promotion, Team Building, And Company Operations.

Products are constantly updated and iterated

Skyfun Has Built A Complete Department System, And The R&D Department Will Continue To Develop New Products. Agents Can Share The Results Of Their Efforts Together, And Keeping Products Updated Is Also Conducive To The Agents' Sustainable Operations And Ensuring Continued Profits. For Example: Regularly Updating Games And Videos For Customers Free Of Charge, And Helping Customers Upgrade Systems Without Labor Costs.

Marketing and promotion collaboration

Helping Customers With Online And Offline Publicity And Promotion For Free, Skyfun's Marketing And Promotion Agents In The Market Will Also Benefit. Well-planned And Large-scale Advertising From Headquarters Is A Real Asset To The Agency. By Directly Leveraging The Headquarters, You Can Enjoy The Steady Flow Of Customers Brought By Market Influence.

Establishing standards and quality control assurance

The benefits of the agency model also include being able to use the standards and processes established by the headquarters to better guarantee service quality. The agent's marketing process, customer service, and delivery process are consistent with those of the headquarters to better improve customer experience and satisfaction.

Reduce business risks

There Is No Risk-free Transaction, And Agency Operations Reduce The Risk Of Failure To A Great Extent. It Has Undergone Rigorous Market Testing For Many Years, So The Concept Is Quite Mature And The Chance Of Profit Is Great. For Franchisees, Let A Proven Profitable And Feasible System Develop And Reduce Risks.

INNOVATION LEADS SHARED DEVELOPMENT

STRATEGIC COOPERATION PROCESS

- 1 Company inspection & product experience
- 2 Search cooperation products & determine product list
- 3 Site planning and design
- 4 Sign a cooperation contract
- 5 Product production and inspection
- 6 Delivery, installation and debugging
