Type-C charging interface, charging time is about 2 hours. (When there is a stuck condition in use, it means that the battery is too low and needs to be charged). During the charging process, the charging indicator at the wheel is red, and the indicator is off when full.

MOUSE:

Operation Mode:	Opto-electronic
Type:	Bluetooth Wireless
No. of keys:	3
Interface:	Tpye-C
Key life:	5 million times
Wireless distance:	10m
Gross weight:	35±2g
Product Size:	70 * 48 * 32mm
Resolution:	1200dpi

KEYBOARD:

Interface	Tpye-C
Battery	Rechargeable
No. of keys	67
Compatible Systems	Windows/iOS/Android
Bluetooth version	Bluetooth 5.1
Working distance	Within 10 meters
Lithium battery capacity	150mAh
Charging voltage and current	DC5V 100mA
Working voltage	3.2-4.2V
Working current	<3mA
Sustainable working time	About 56 hours
Sleep time	10 minutes
Wake-up method	Press any key
Dimensions	282*95*8.8mm
Weight	170±5g

CHARGING

Indicator light

- 🔋
  1. Power indicator: Open the left and right key areas of the keyboard. The red light will turn on for 2 seconds and then turn off. The blue light will fast flash to enter pairing mode, and then slow flash in reconnection mode. When the keyboard is folded up, it stops working.
  2. Charging indicator: When the USB-C cable is plugged into the charging port of the keyboard, the red light will turn on. Charging takes about 2 hours, and the red light will turn off.
  3. Low voltage indicator: When the battery voltage drops below 3.3V, the red indicator light will start flashing with an interval of 0.5 seconds. After flashing 10 times, it will turn off. When a key is pressed, the light will start flashing again.
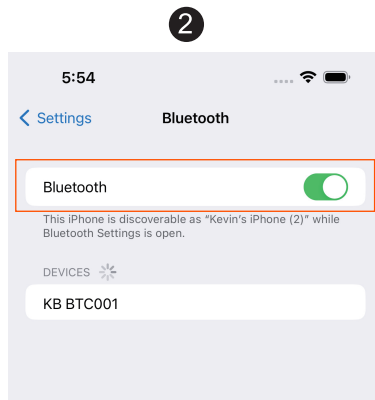

- ᛒ
  1. Pairing indicator: When you press the pairing button, the blue BT light will blink at 1-second intervals. After a successful pairing, the blue LED will stay on for 2 seconds and then turn off. The maximum time for pairing is 2 minutes. If the keyboard is not successfully paired within this time, it will enter sleep mode.
  2. Reconnection indicator: After successful pairing, if you turn off and then turn on the keyboard, the red light will turn on for 2 seconds and then turn off. The blue light will blink to indicate that the keyboard is reconnecting. The keyboard will automatically reconnect, and the blue light will turn off when reconnection is complete. Reconnection time should not exceed 5 seconds. If reconnection is not successful within 30 seconds, the Bluetooth will turn off and enter sleep mode.
  3. Caps Lock indicator: The blue light will stay on or turn off to indicate whether Caps Lock is turned on or off. If the keyboard is not used for more than one minute, the blue light will turn off.
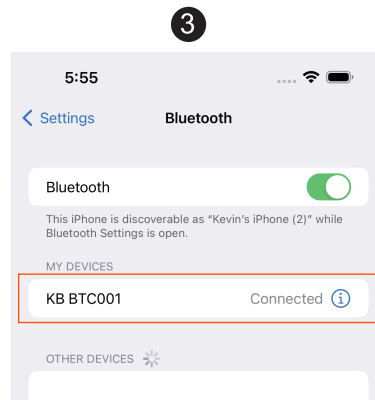

iOS / Andriod Connection(KEYBOARD)
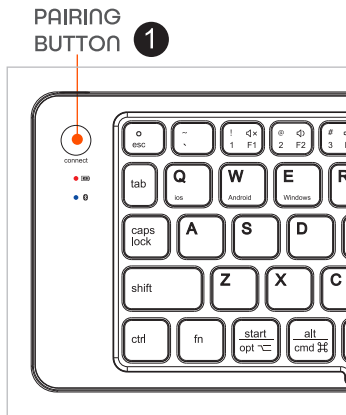

PAIRING BUTTON **1**

Opening the folding keyboard will automatically turn on the power. Press the Bluetooth pairing on 3 seconds until the Bluetooth indicator light flashes rapidly.

GENERAL

All products under the MEETION brand comply with the US FCC standards withFCC ID: 2A706. The product is made in accordance with RoHS standard.

PRECAUTIONS

1. This product contains a rechargeable lithium battery.
(1) Do not dismantle, strike, crush, or put it into a fire.
(2) Stop using it immediately if severe swelling occurs.
(3) Do not place it in a high-temperature environment.
2. Do not use this device near water.
3. Only use a dry cloth to clean this product.
4. Please follow the manufacturer's instructions for use.
5. If the device is damaged, for example, if liquid enters it, if it gets wet in the rain or becomes damp, or if it cannot operate normally, it must be repaired. For repair matters, it should be entrusted to qualified maintenance personnel.

KIND TIPS

If the product is not in use for a long time, it is recommended to charge it every three months to activate the lithium battery inside the product and prevent battery failure due to long periods of non-use.
