

Intelligent Highway Gate LPR All-in-one Machine

Item No.: RPL-XY01

This product is a mature and stable license plate recognition all-in-one machine that Shenzhen Realpark has been upgrading and perfecting for many years. This machine is easy to install and has high cost performance, which is widely accepted by the market.

The equipment is widely used in: Government agencies, Intelligent buildings, Office buildings, High-end property communities, Colleges and Universities, Enterprises and Institutions, Industrial and Mining Enterprises and other places.

Features:

- ① Support Realpark parking management system:
The perfect combination of high-definition license plate recognition, plus barrier gate the functions and features of parking system payment, management, etc., fully showing the value advantage of unattended parking system!
- ② Humanized Appearance Design: Auxiliary recognition: Auxiliary camera can be installed on the top;
Camera Downward Tilt: protect from light and rain, and view the license plate directly;
Spherical Mask Design: wider recognition range.
- ③ Personalized and ingenious creation: Real materials, Exquisite workmanship and Originality;
Full, delicate, atmospheric, and good color sense;
Meet the needs of customers who advocate practicality and beauty!
- ④ Diversified scene applications: adapt to the needs of different scene angles:
The camera recognition angle can be fine-tuned up, down,
left and right to achieve the best recognition angle, with a recognition rate of over 99%.
- ⑤ The LED screen can display the QR code of electronic payment.

Technical Parameter

Part Number		RPL-XY01
LED Screen	Size	260cm*260cm (P4 Full-color LED 4-Line Display)
	Resolution	64*32 Dot-matrix Single LED Module
Car License Plate Camera	Picture Output	3 Million Mixel JPEG
	Minimum illumination	0.01Lux
	Aperture	Fixed Aperture
	Focal Length	6mm
	Storage Interface	Support SD2.0 Standard Micro SD(TF) Card, Max 32G
	Wide Dynamic Range	≥100dB
X04 Main Board	Voice	Remind Temporary Cars and Vip Cars, Welcome to you, Have a nice day, etc.
	Show	Support Multi-LED Module
Power Voltage	Voltage	AC230V
Highway Barrier Gate	Motor Rated Speed	22R/Min
	Standard Stop Bar Length	3.00m
	Running Noise	≤60dB
	Bar Lift Time	1.2 ~ 1.4S
	Operating Life	≥5 Million Times
	Malfunction of the Lever	≥0.01%
	Motor Power	80W
General Parameters	Protection Class	IP42, Certain Dustproof and Waterproof
	Operating Temperature	-10°C ~ 60°C (Optional Thermostat)
	Working Humidity	5%~85%
	Power Consumption	150W MAX
	Equipment Size	380*400*1405mm (Width*Thickness*Height)
	Weight	≈70kg
