Foshan Chancheng Dery Clothing Factory is one of the largest OEM/ODM sportswear manufacturers in China. We specialize in designing, producing and exporting sporting goods. Dery's factory is located in China's famous textile Cradle - Zhangcha Town. Our firm covers 30,000 square meters. There are more than 300 workers and many fully automatic sewing machines in our firm. Dery Sportswear Manufactory was established in 2000. Over the years, we have developed and built up 7 production lines to ensure strong output. Because of our competitive price and good quality, our products sell well all over the world. We have established long-term business relationships and wide connections with wholesalers and retailers around the world. At the same time, we have established a professional QC team to control the production process because we have realized that excellent quality is the biggest advantage for us to keep a good reputation. Dery offers not only excellent quality products but also considerate service to customers.

# Bucket Hats

## Well-stitching with Fine Workmanship

The brim of the hat is Well-stitching. We have widened the brim as to help to block the face off sunlight more. It pop back to shape after you mash or roll it due to the good durability.

## One Size Fits Most

Circumference: 58cm / 22.8"  
Hat Depth: 9cm / 3.54"  
Hat Brim: 5.5cm / 2.2"

## Sun Protection

Our bucket sun hat is designed to provide sun protection from sun's harmful rays. Perfect for outdoor activities, such as on the beach, fishing, hiking, camping, travelling and so on.

## Adjustable Strap and Sweatband

Interior of the hat equipped with adjustable strap, you can adjust the fitness according to your head circumference. The Sweatband help to absorb the sweat adhere to the forehead as to keep your head cool and comfortable.

## All-Over Dye Sublimation Cut & Sew

For any shirt color and all over the shirt print, great for all over patterns and prints.  
MEN'S & WOMEN'S & Children Long & Short Sleeves

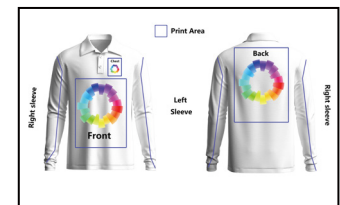

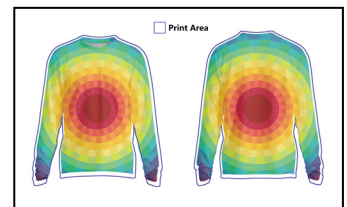

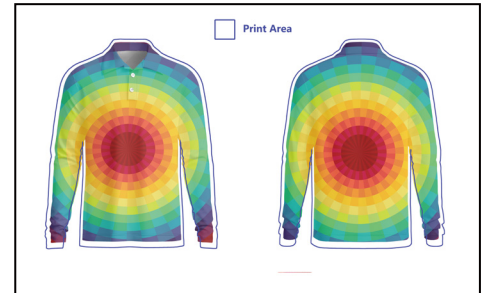

50 pieces One color or 100 Pieces Mixed size and color .

FULL | DYE SUBLIMATION CUT & SEW FOR CUSTOM FISHING SHIRTS

dye sublimation is that full dye sublimation first prints the graphics and the shirt color at the same time directly onto premium white U.V fabric before the shirt is made. Then the fabric is expertly cut and sewn into a final retail quality performance fishing shirt. This allows for virtually any color shirt to be produced, including graphic placement anywhere on the garment (See below image).

Dye sublimation printers do not print white ink, but because this "from scratch" process prints the graphics and any shirt color directly onto white fabric, this allows us to print any color graphics you wish because the computer can use the white of the fabric in replacement of white ink! The result is a retail quality shirt.

Any performance dye sublimation printing fuses the print with the fabric, becoming one.

# PRODUCT DESCRIPTION
