TEXTURED WHITE

From delicate linear grooves to abstract geometric patterns, the advanced glaze color process makes the texture smooth to the touch and easy to maintain.

The soft white base ensures its versatility, allowing the exquisite details to be displayed without being too obtrusive --- creating a delicate balance of artistry and practicality for high-end hospitality venues.

IDEAL
DESIGN

BANI-MOON

The first sight of this collection dinnerweare surface was inspired by moon,filled with many kinds of concave and convex, which also stand for our life, there are highs, and there are lows.

The design was drived from life, but also use in life.

How meaningful is it!

DRIZZLE

We often say that life is only three meals a day.

lt can be seen that the stacking of happiness actually comes from the small things in life, which seem to be ordinary day after day, but the tableware remembers the emotions of you and your family.

Just like the patterns of Drizzle on it surface,
it engraves the bits and pieces of life for us day after day.
