Stadium Lights & Pole Lights

Long life

High light efficiency

Module design

Various installation methods

MODULAR DESIGN

VARIOUS SPECIFICATIONS

1 module

50W/60W

2 module

100W/120W

3 module

150W/180W

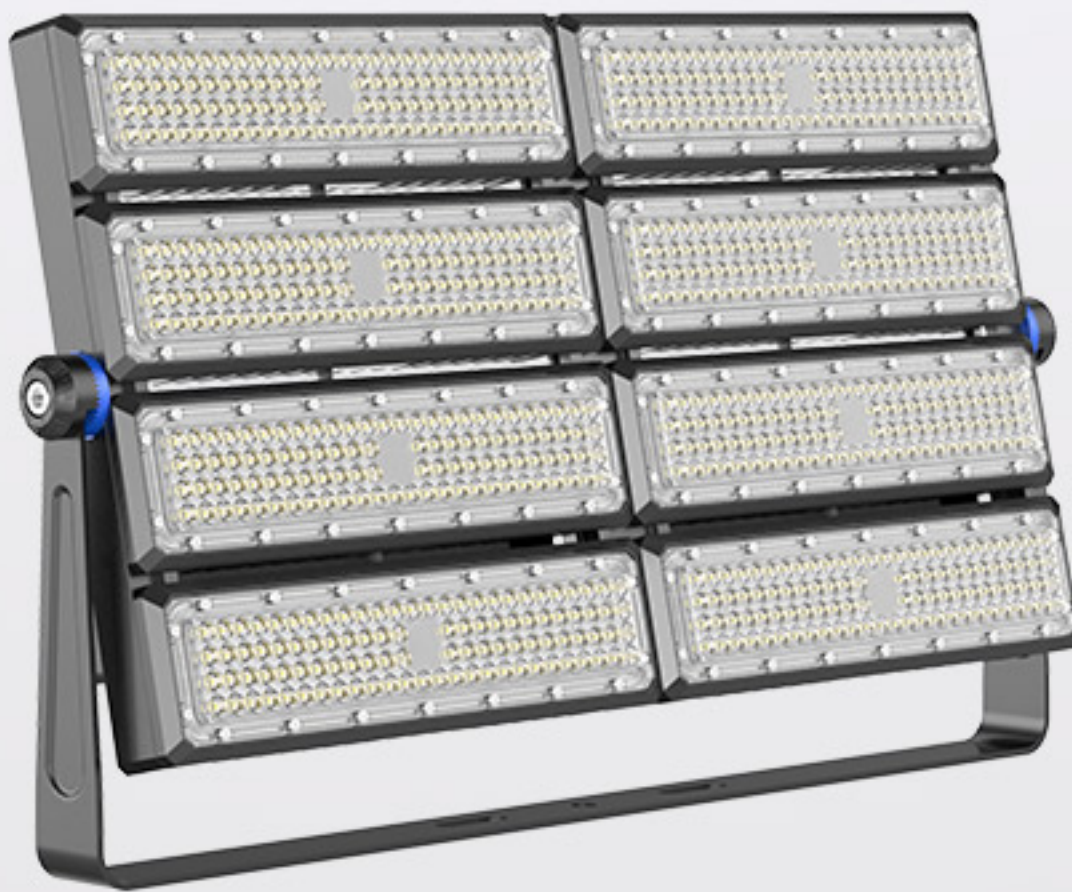

4 module

200W/240W

5 module

250W/300W

8 module

400W/480W

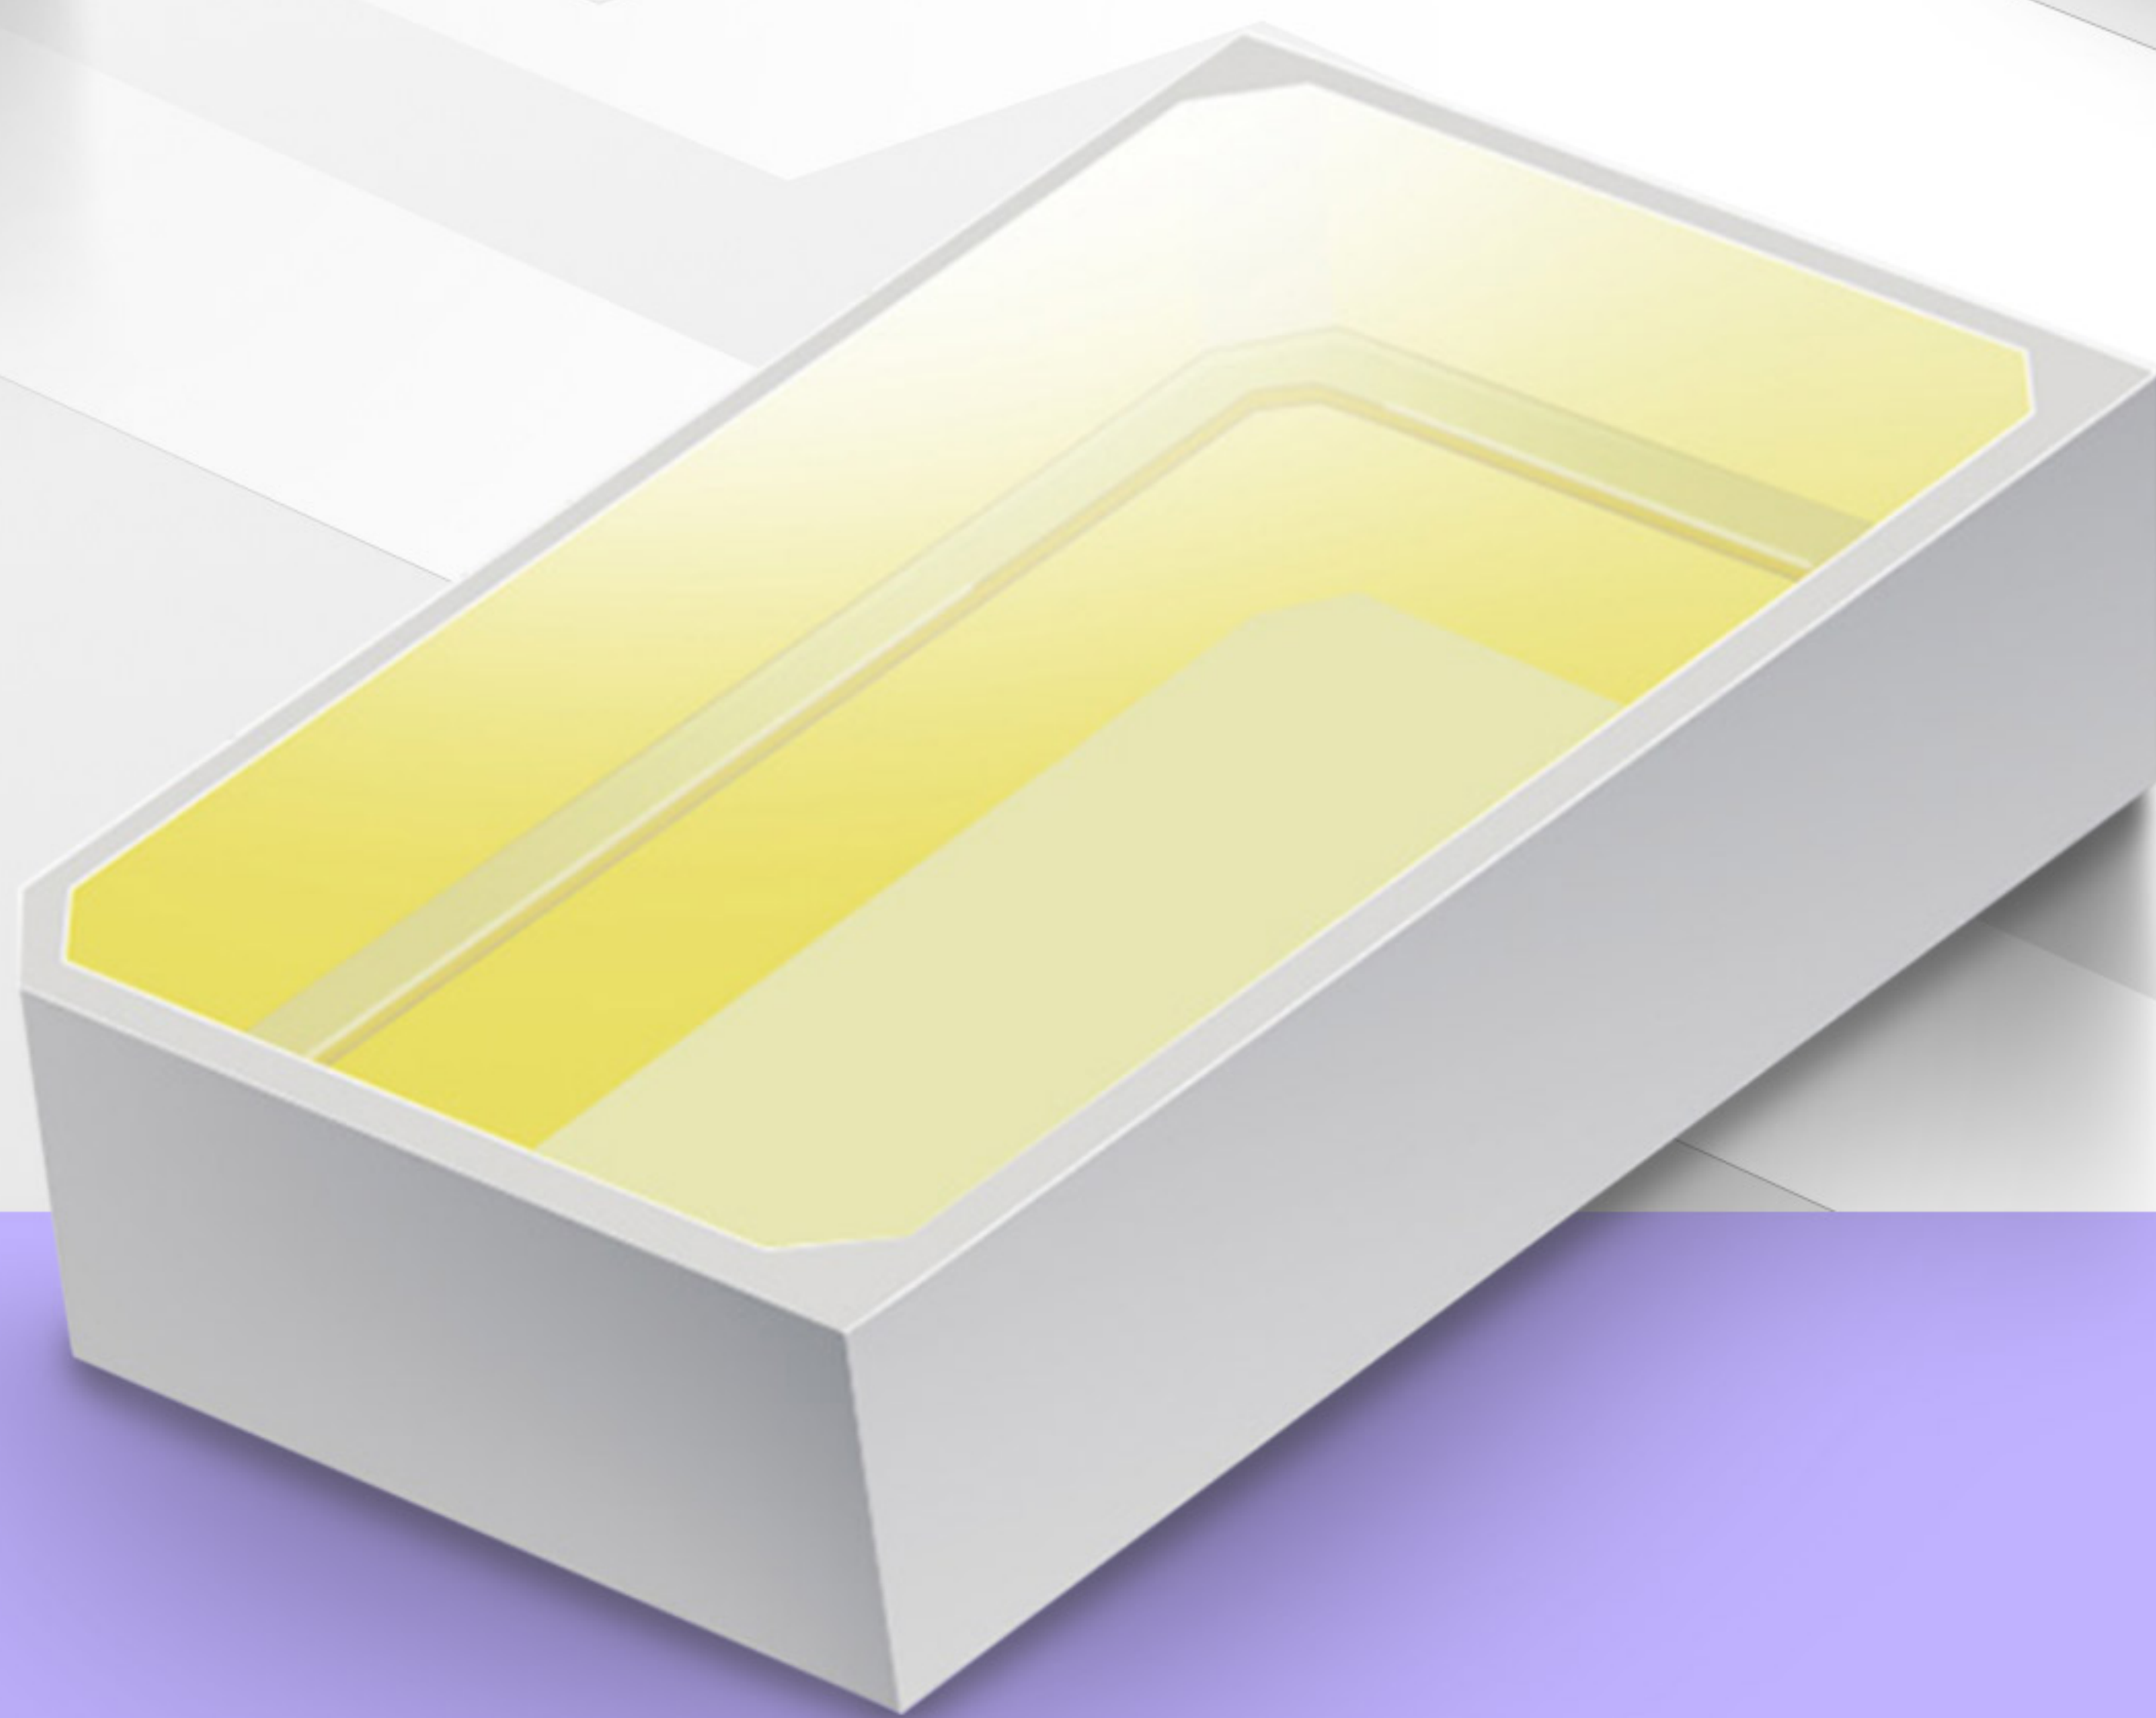

10 module

500W/600W

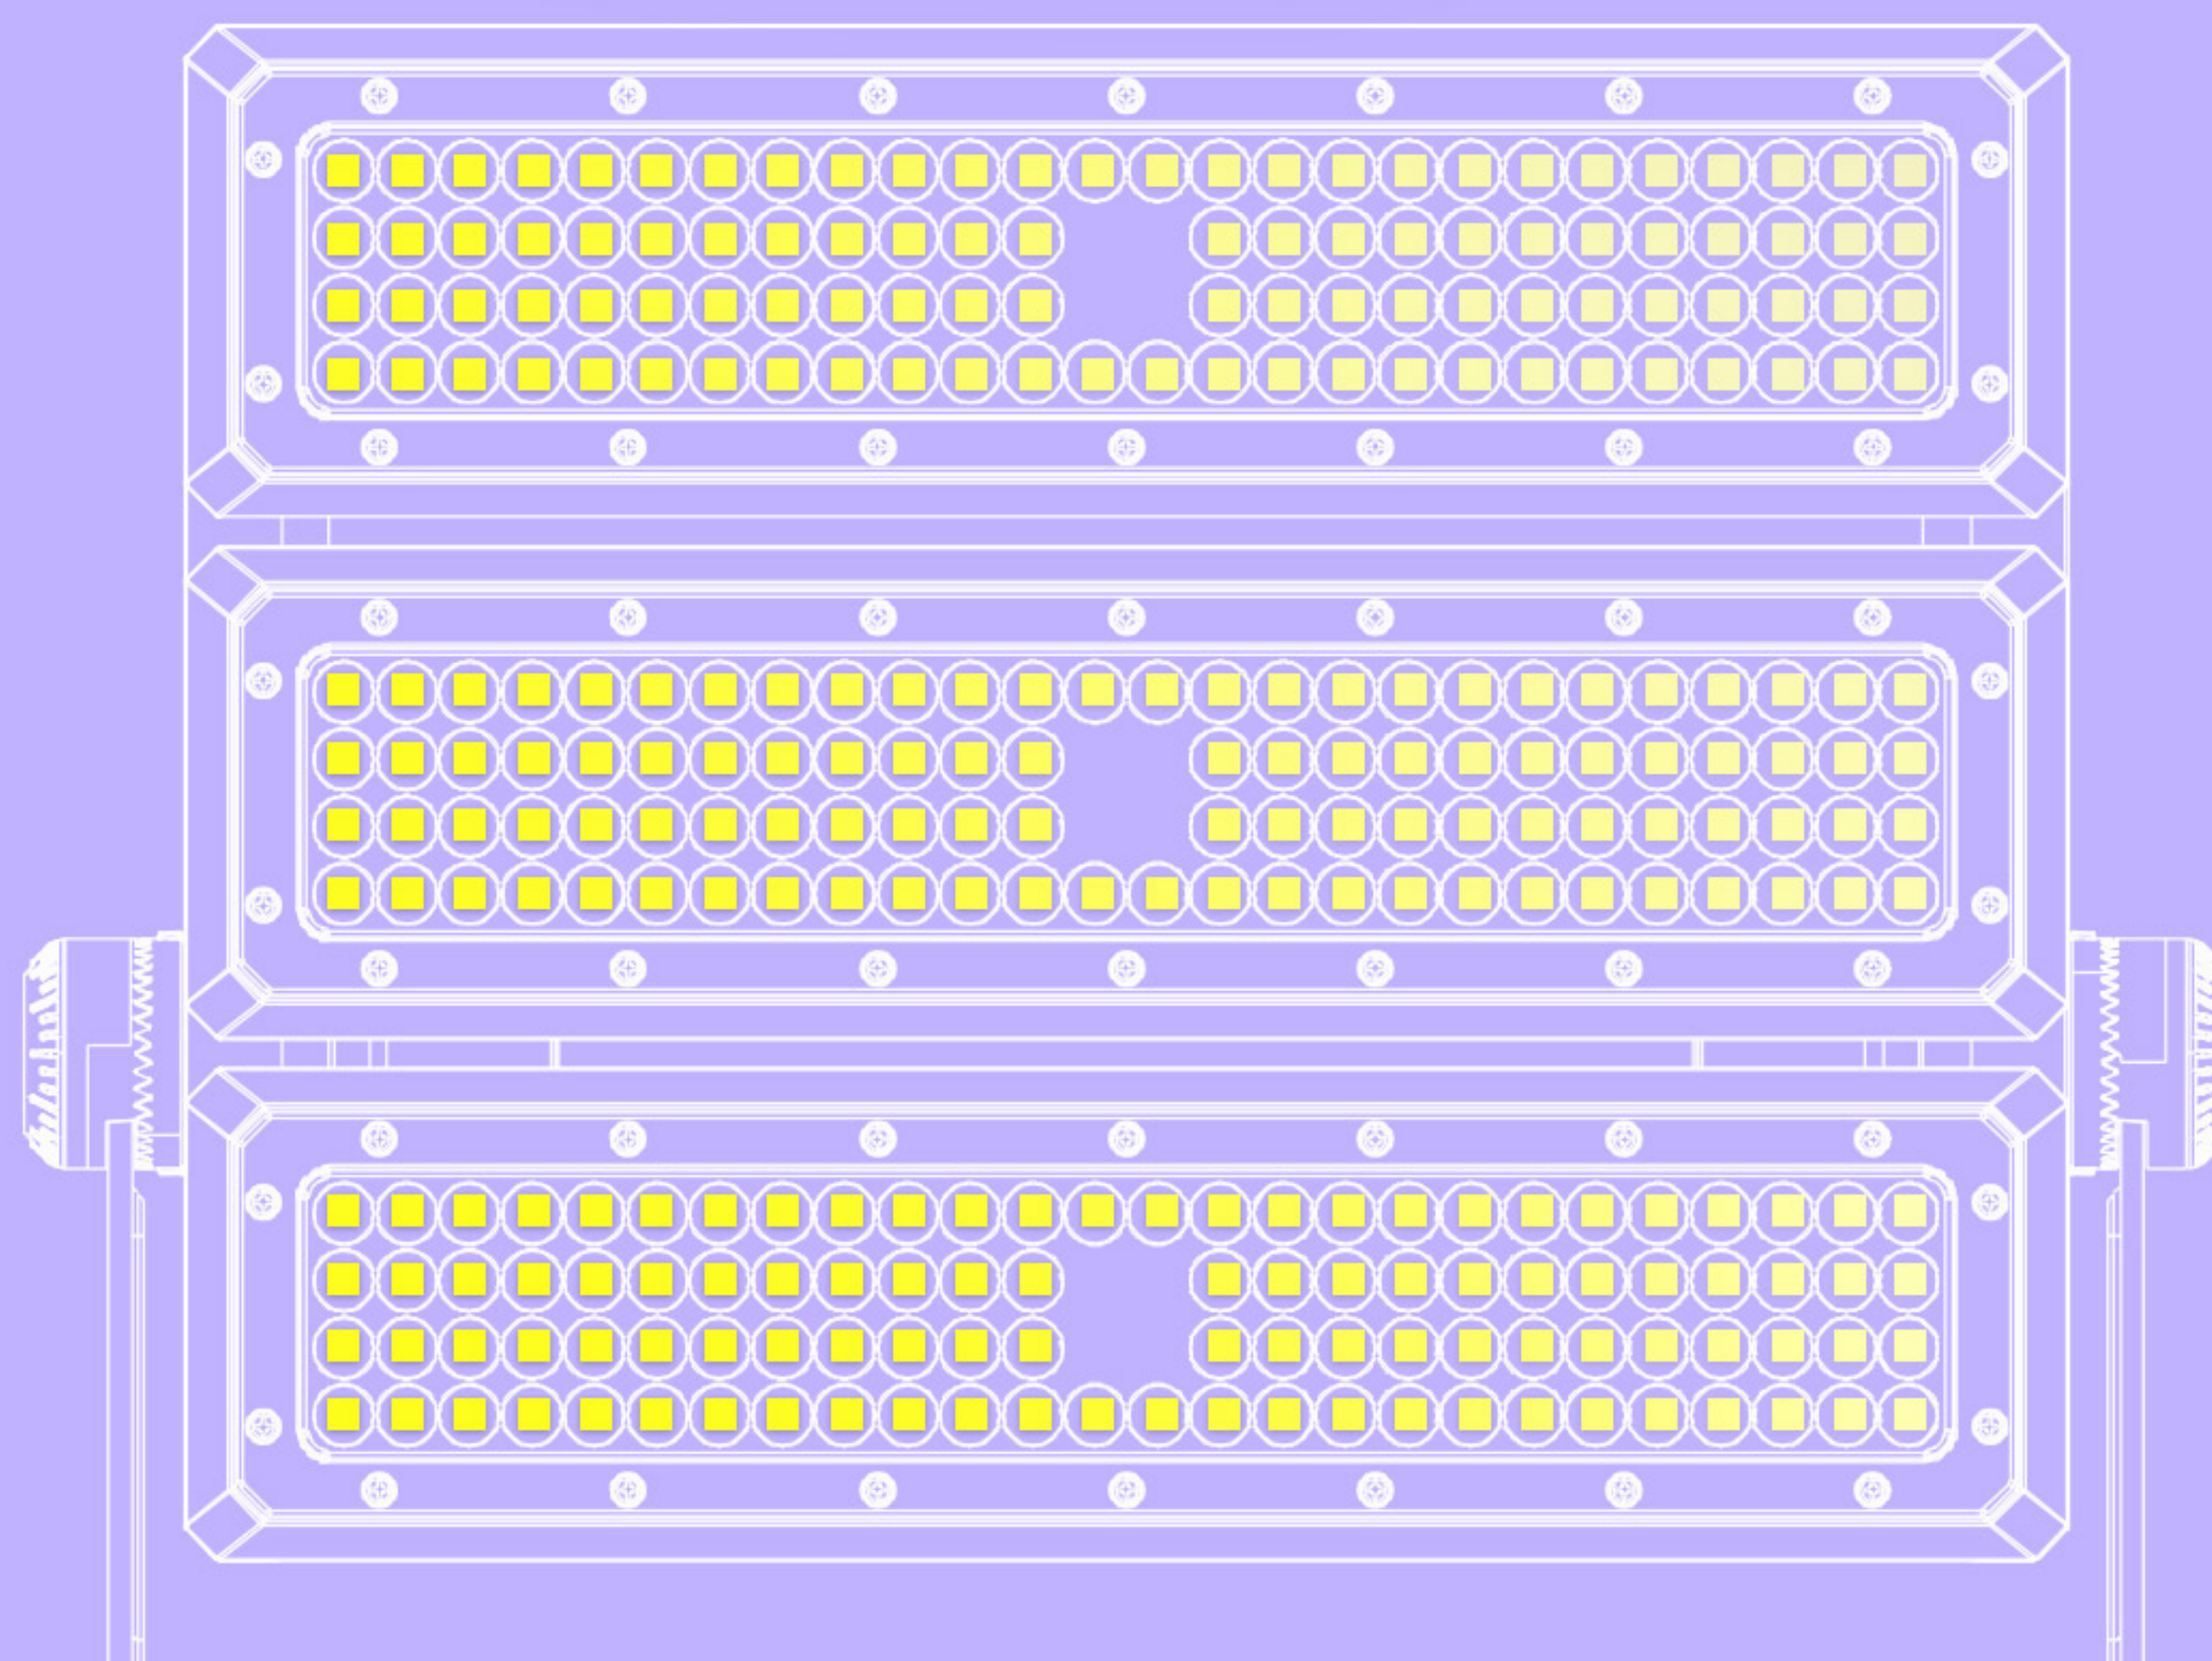

QUALITY CORE

High light efficiency

SMD3030&SMD5050

High quality lamp beads

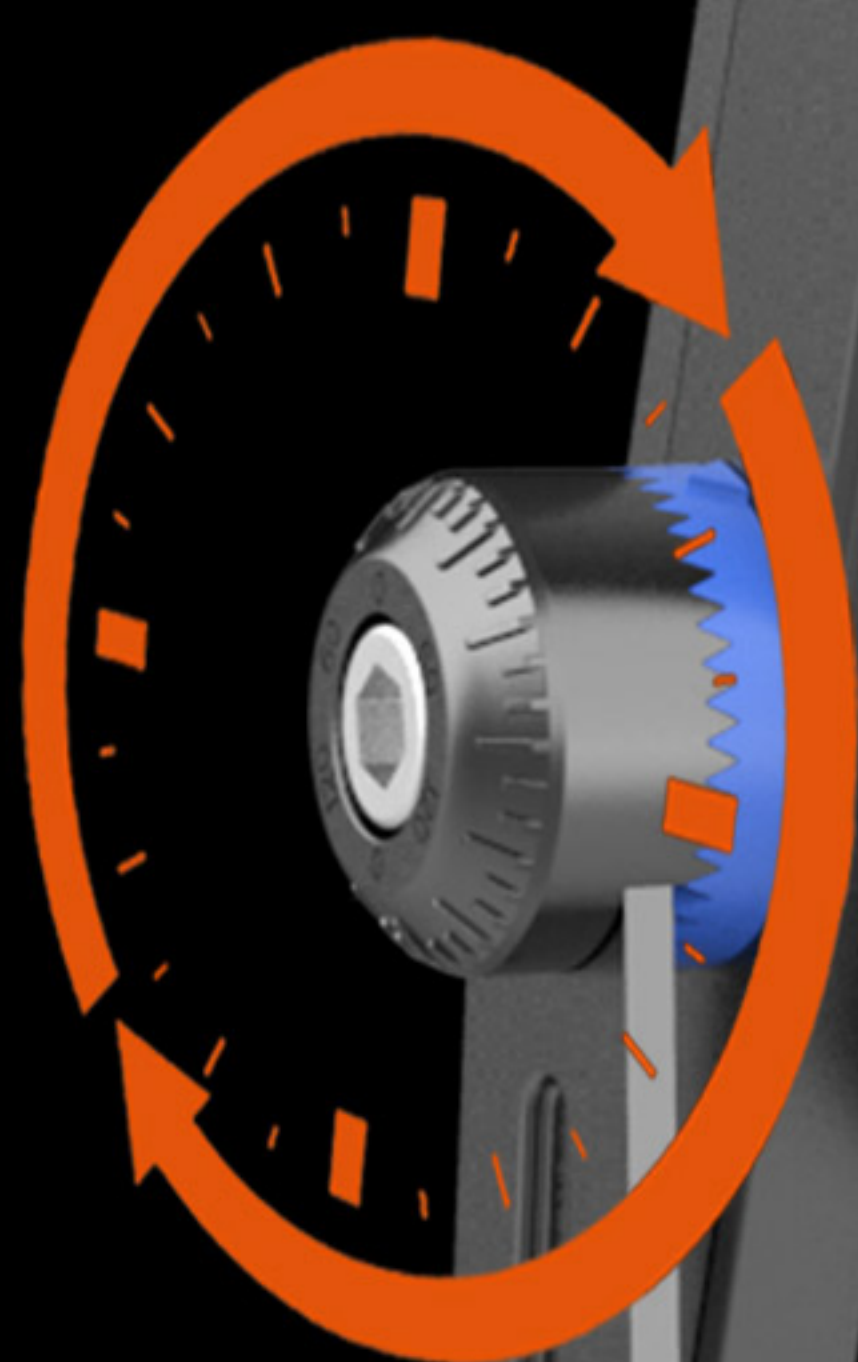

Multi-angle adjustment

Accurate installation

Adjustable up to 270 degrees

270°

IP66 waterproof grade

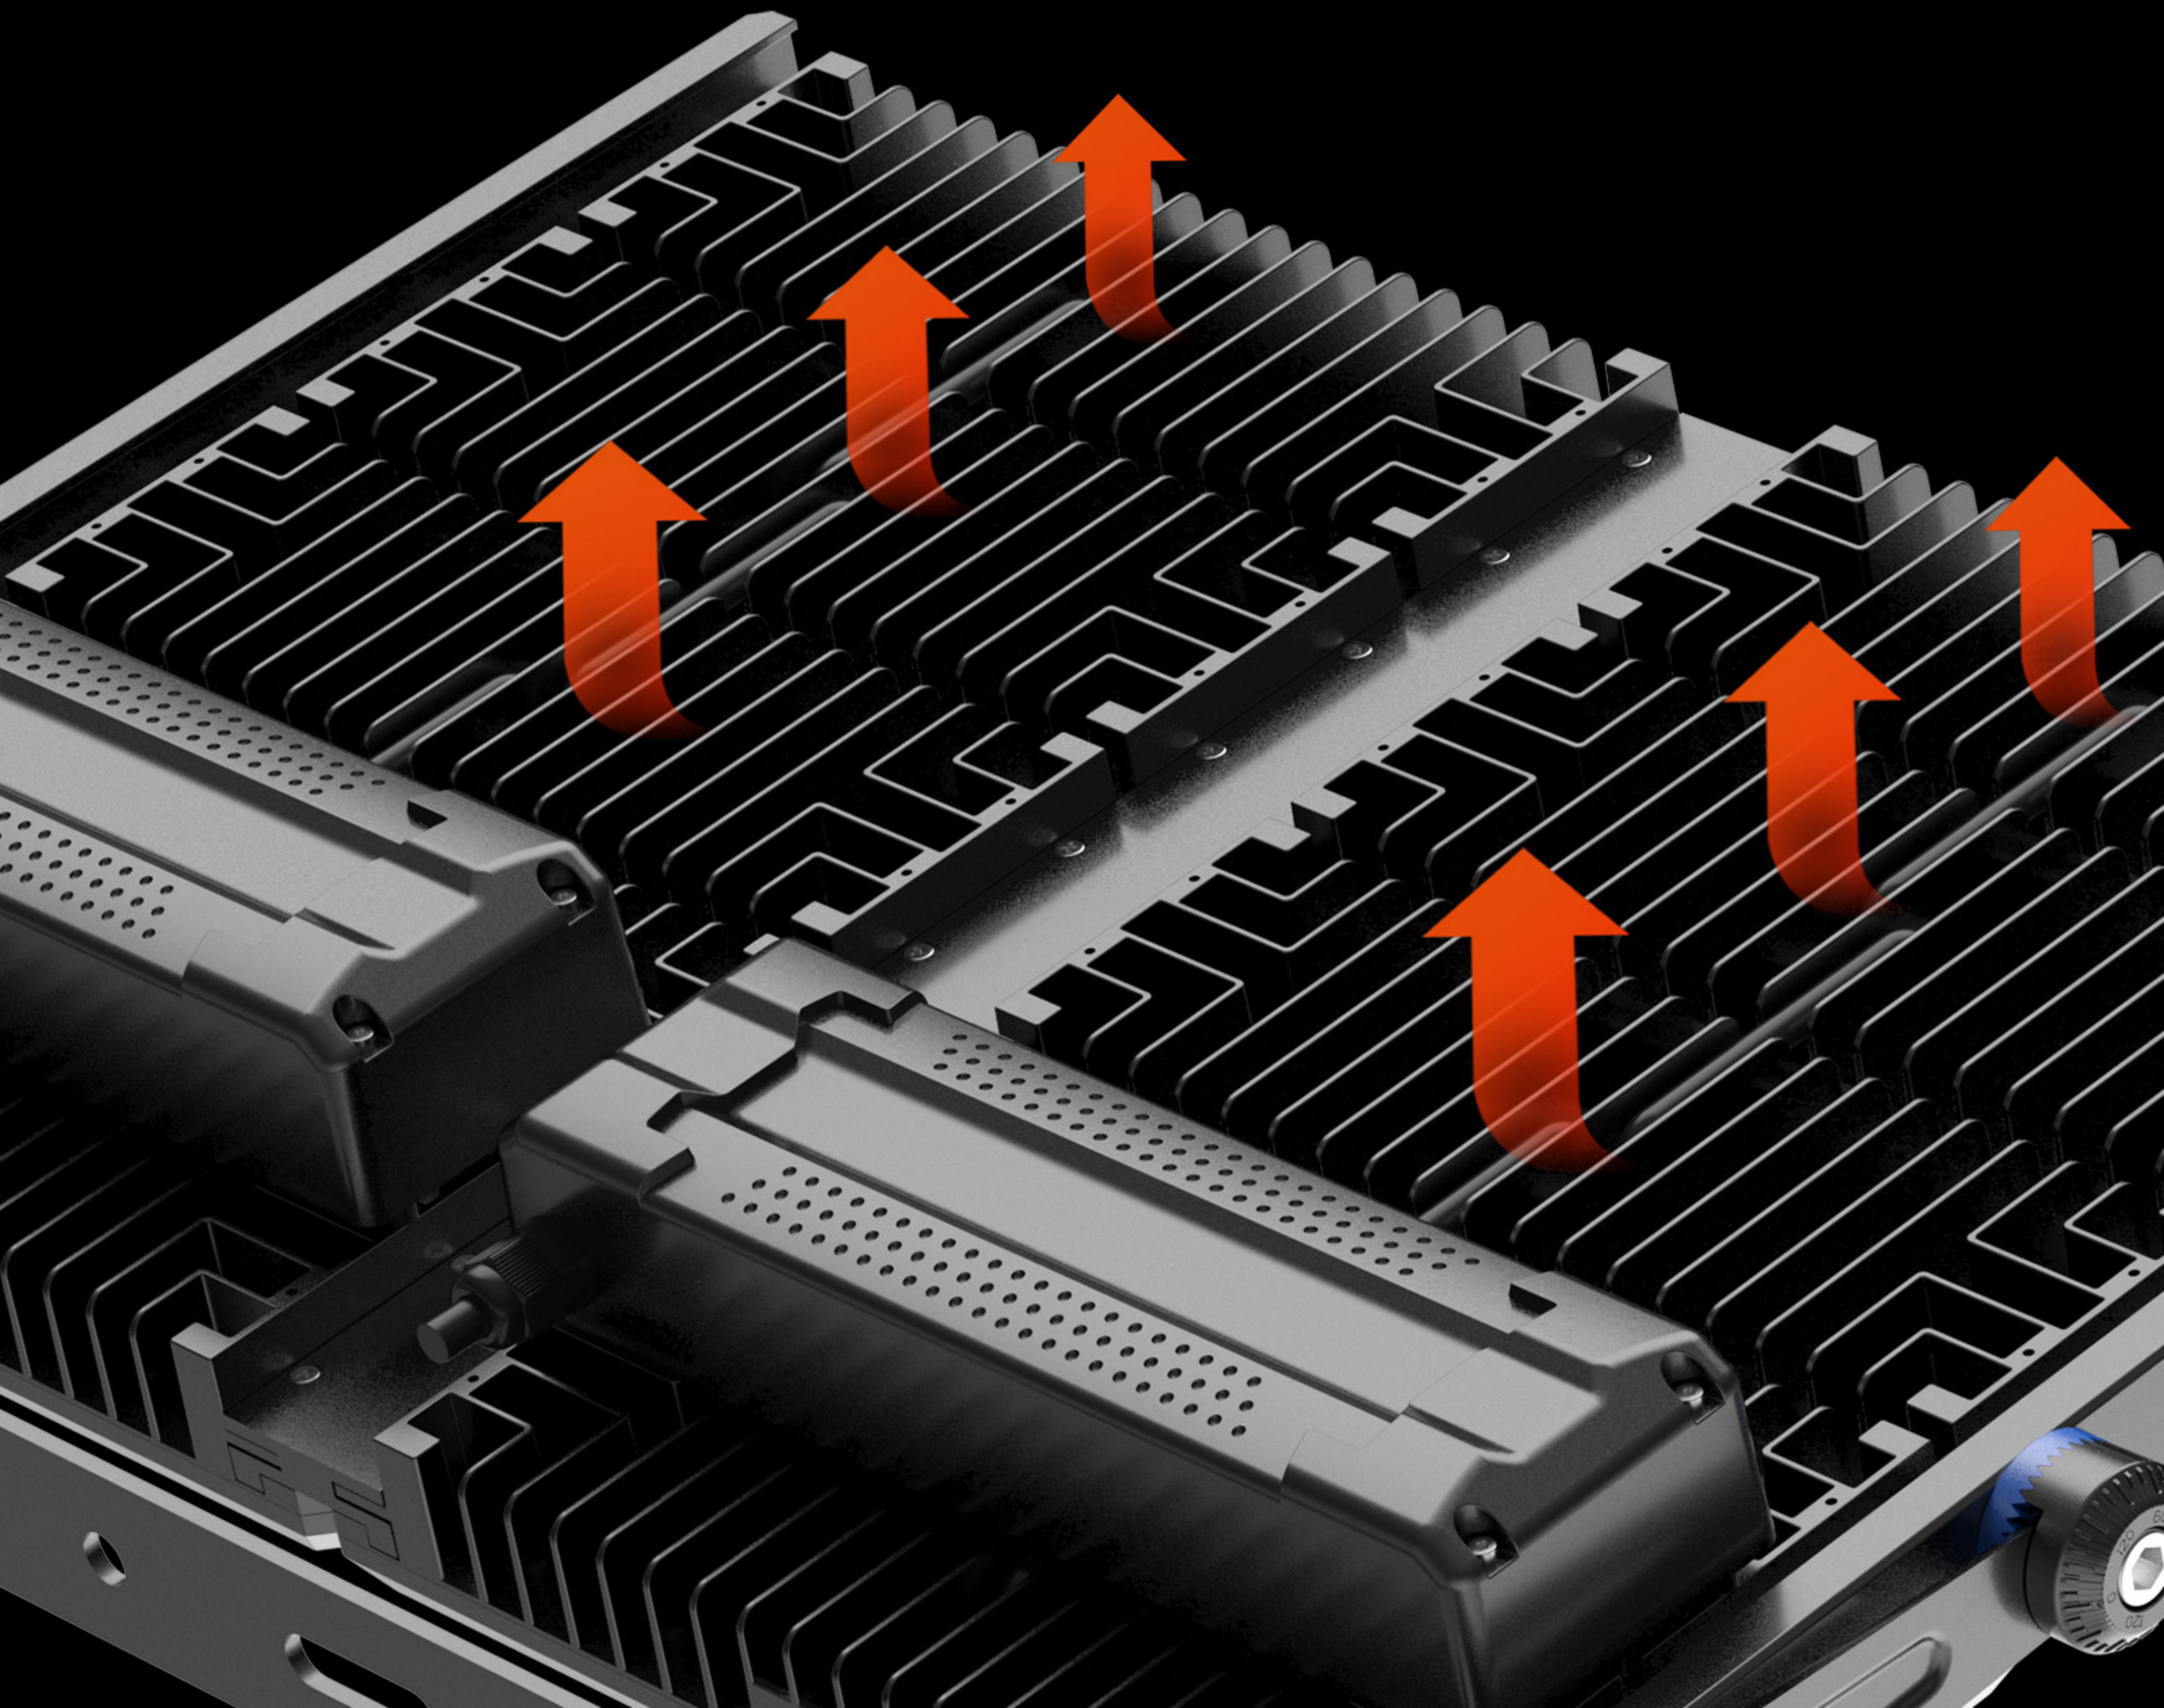

**Professional waterproof design, strict protective treatment,
preventing rainwater and dust from infiltrating,
and able to withstand multi-directional rainwater impact.**

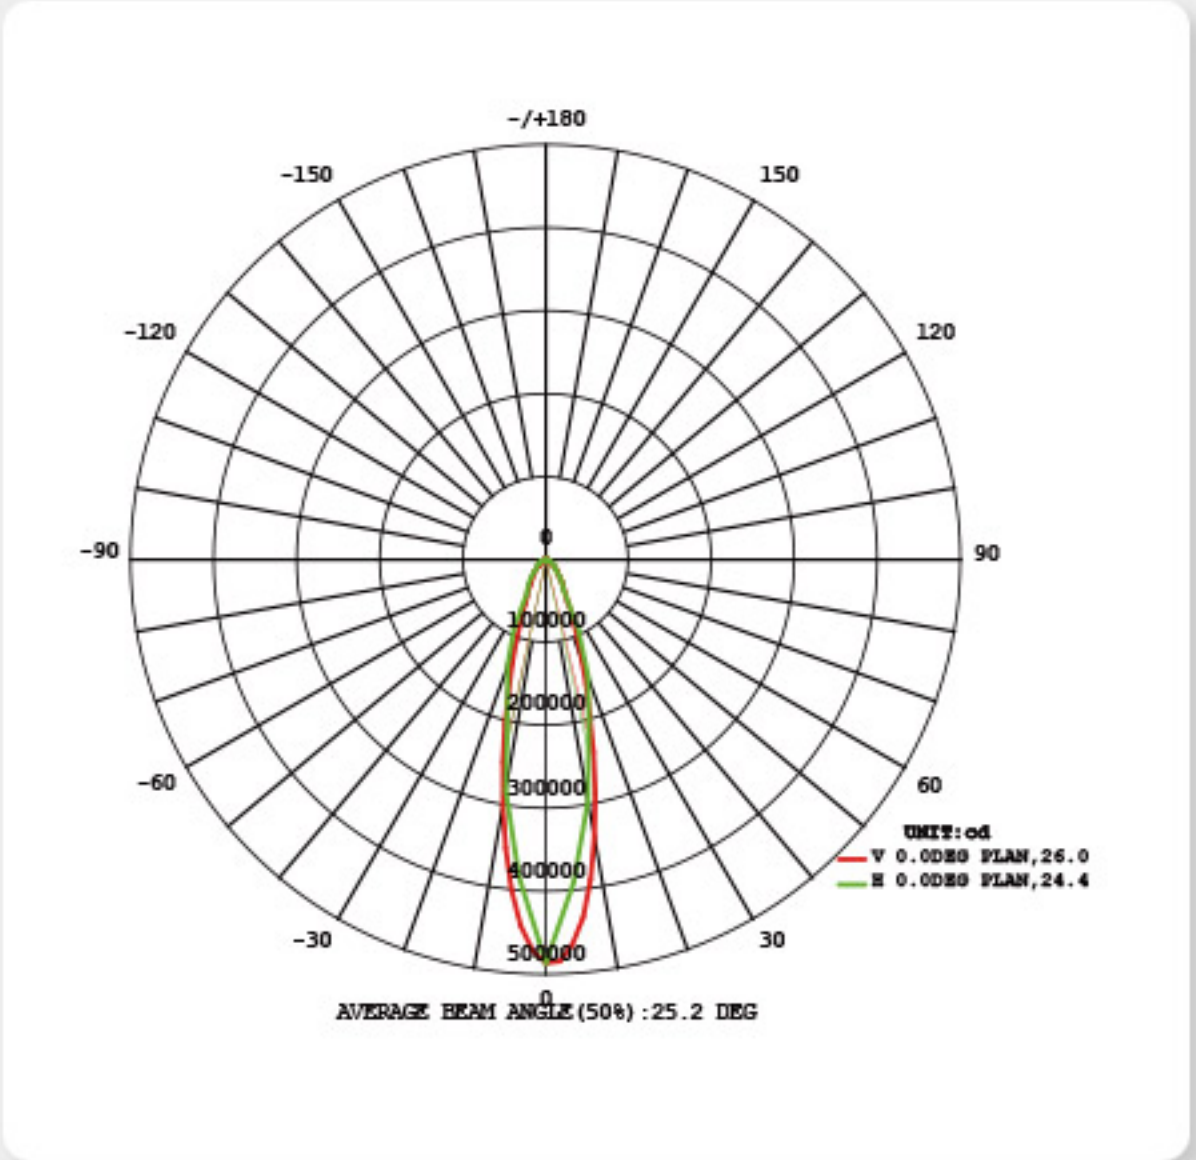

Die-cast aluminum radiator

Bending and encrypting the fins increases the number of fins and heat dissipation area.

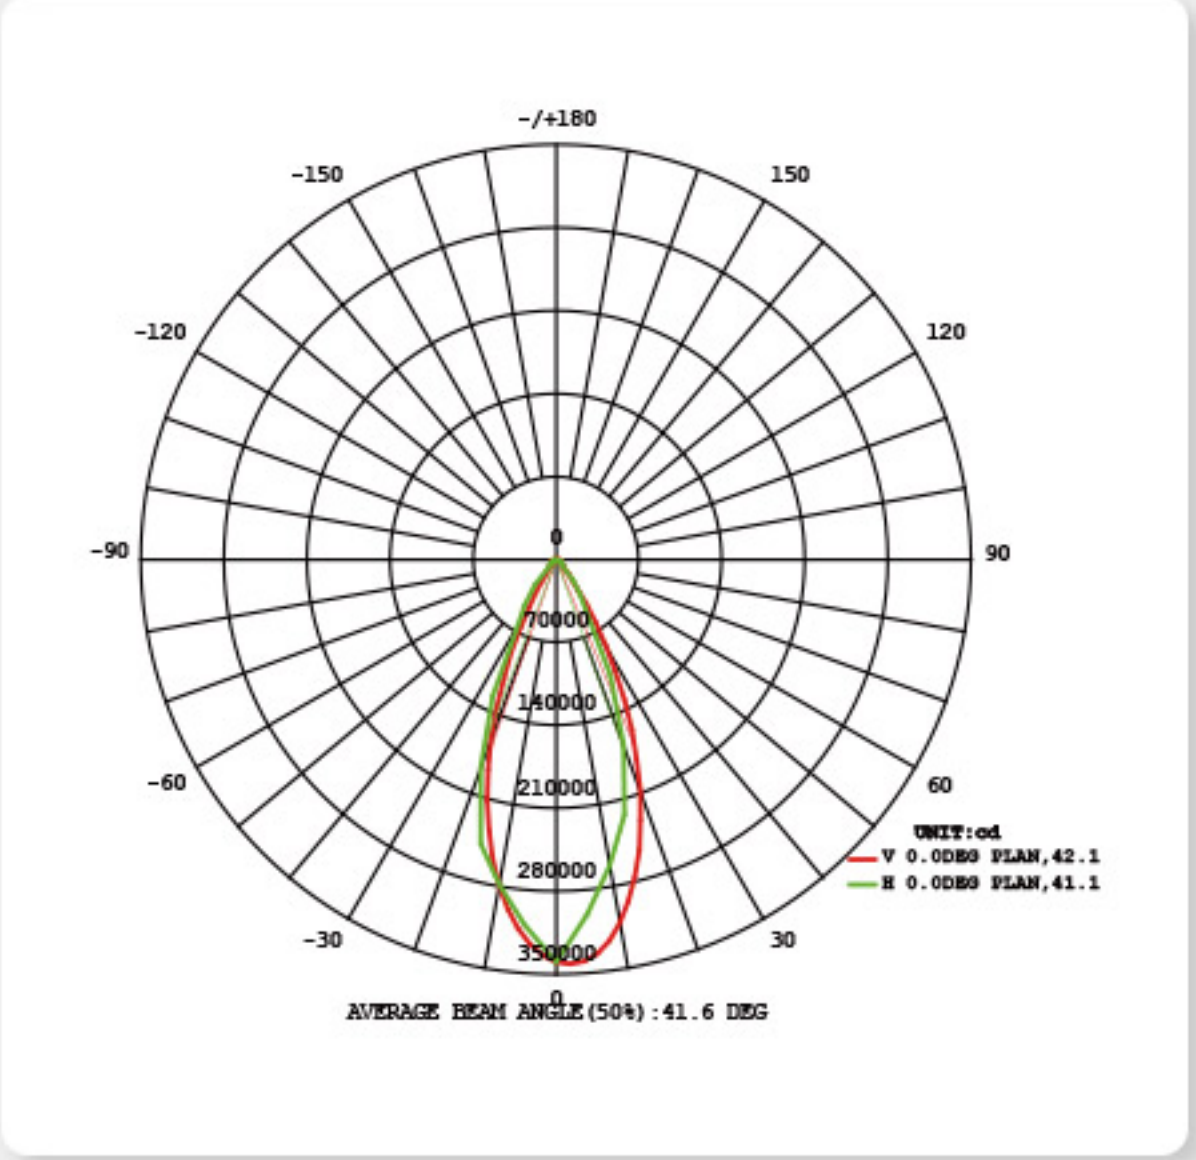

Longer service life

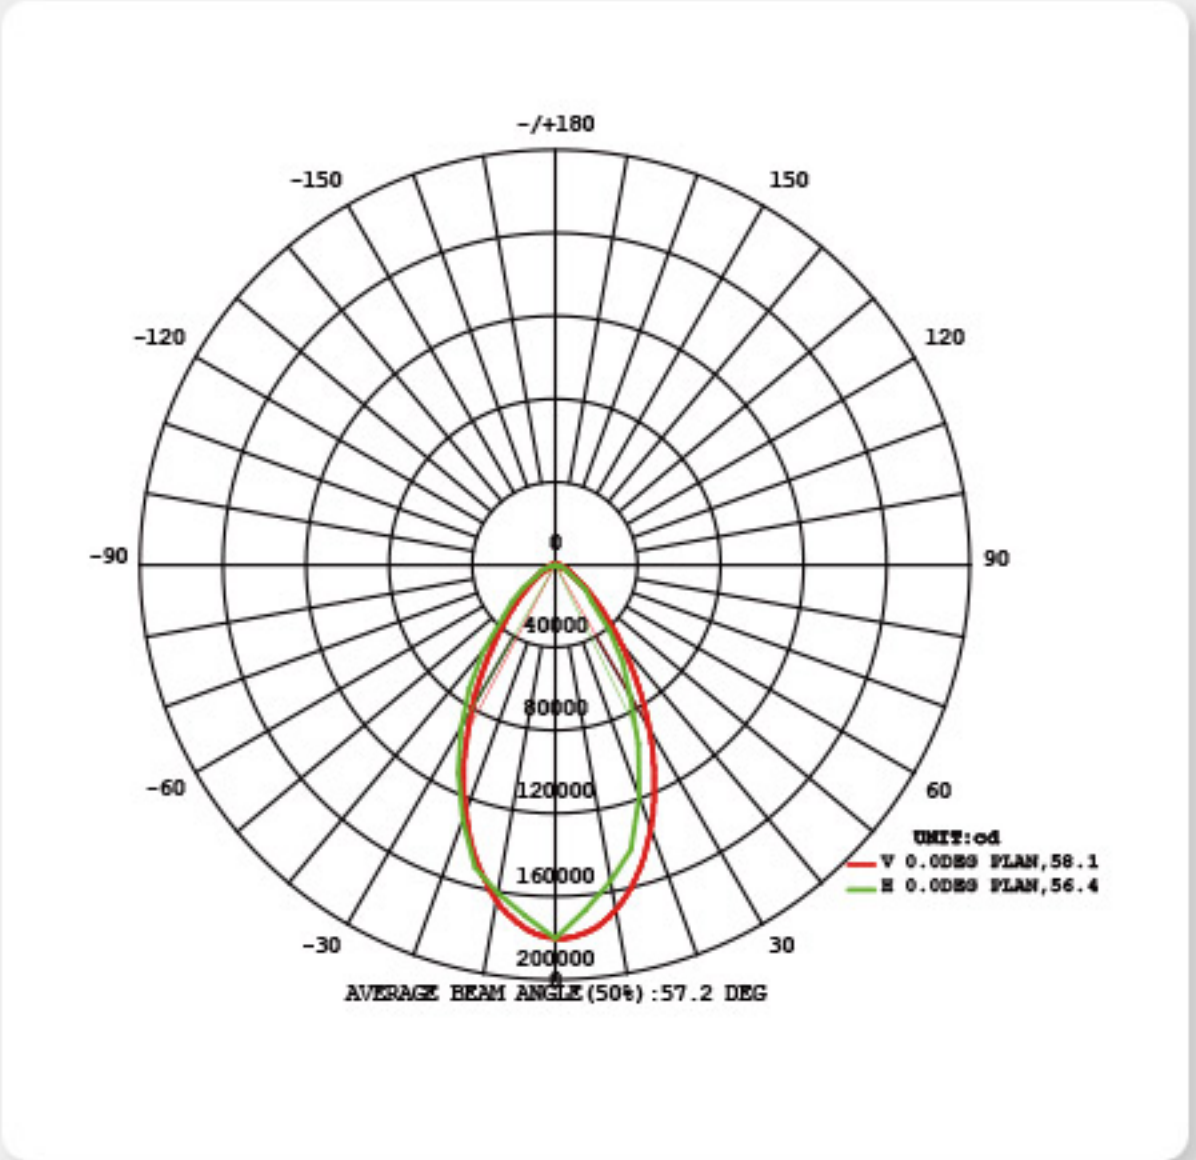

Professional light distribution

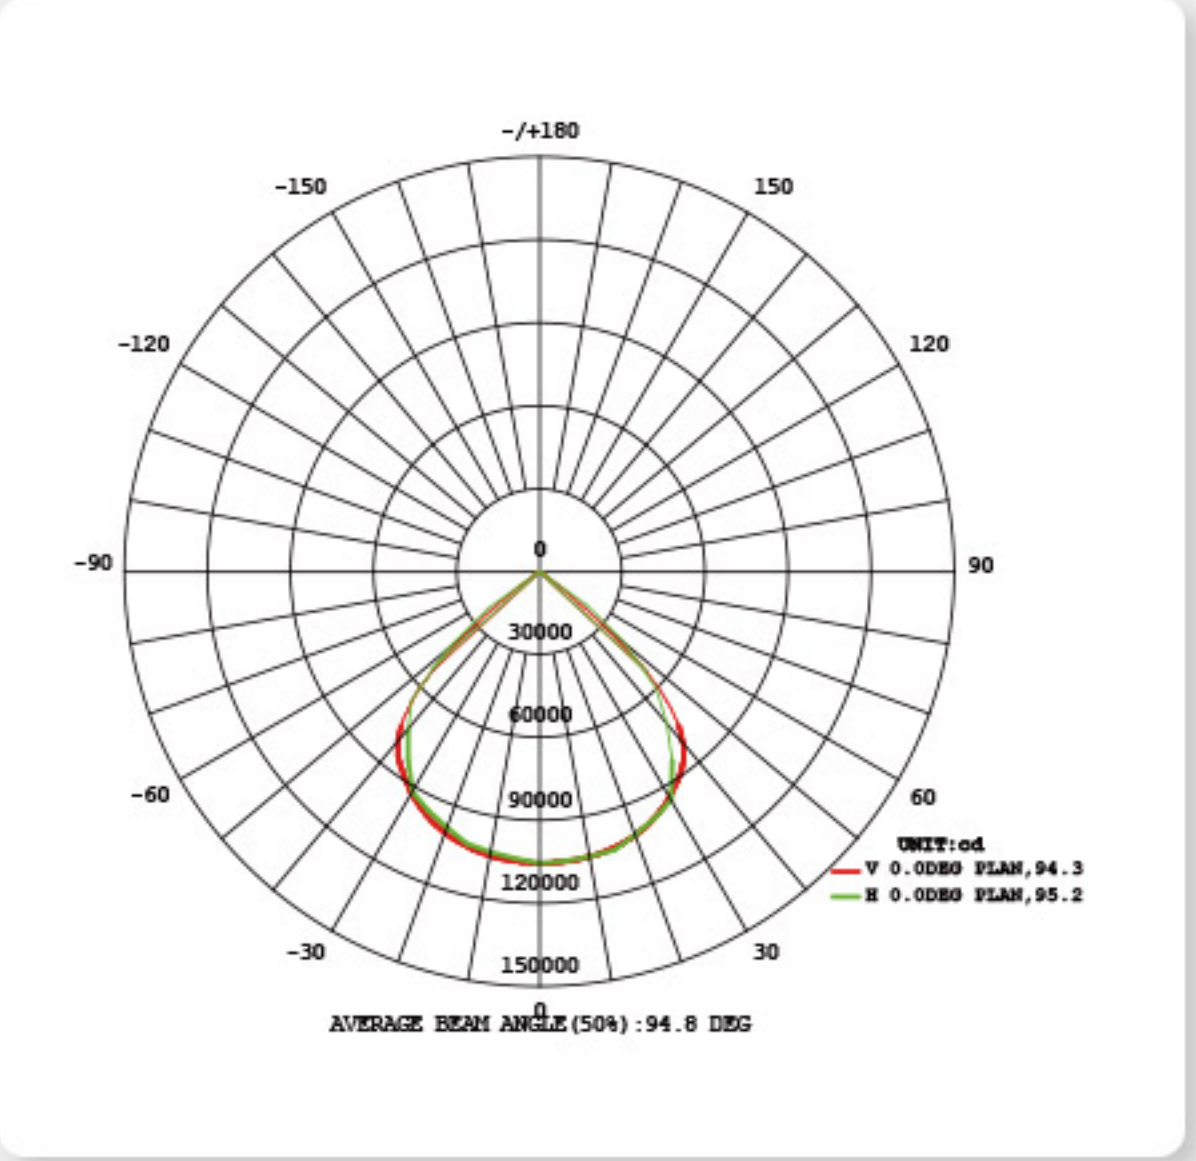

25°

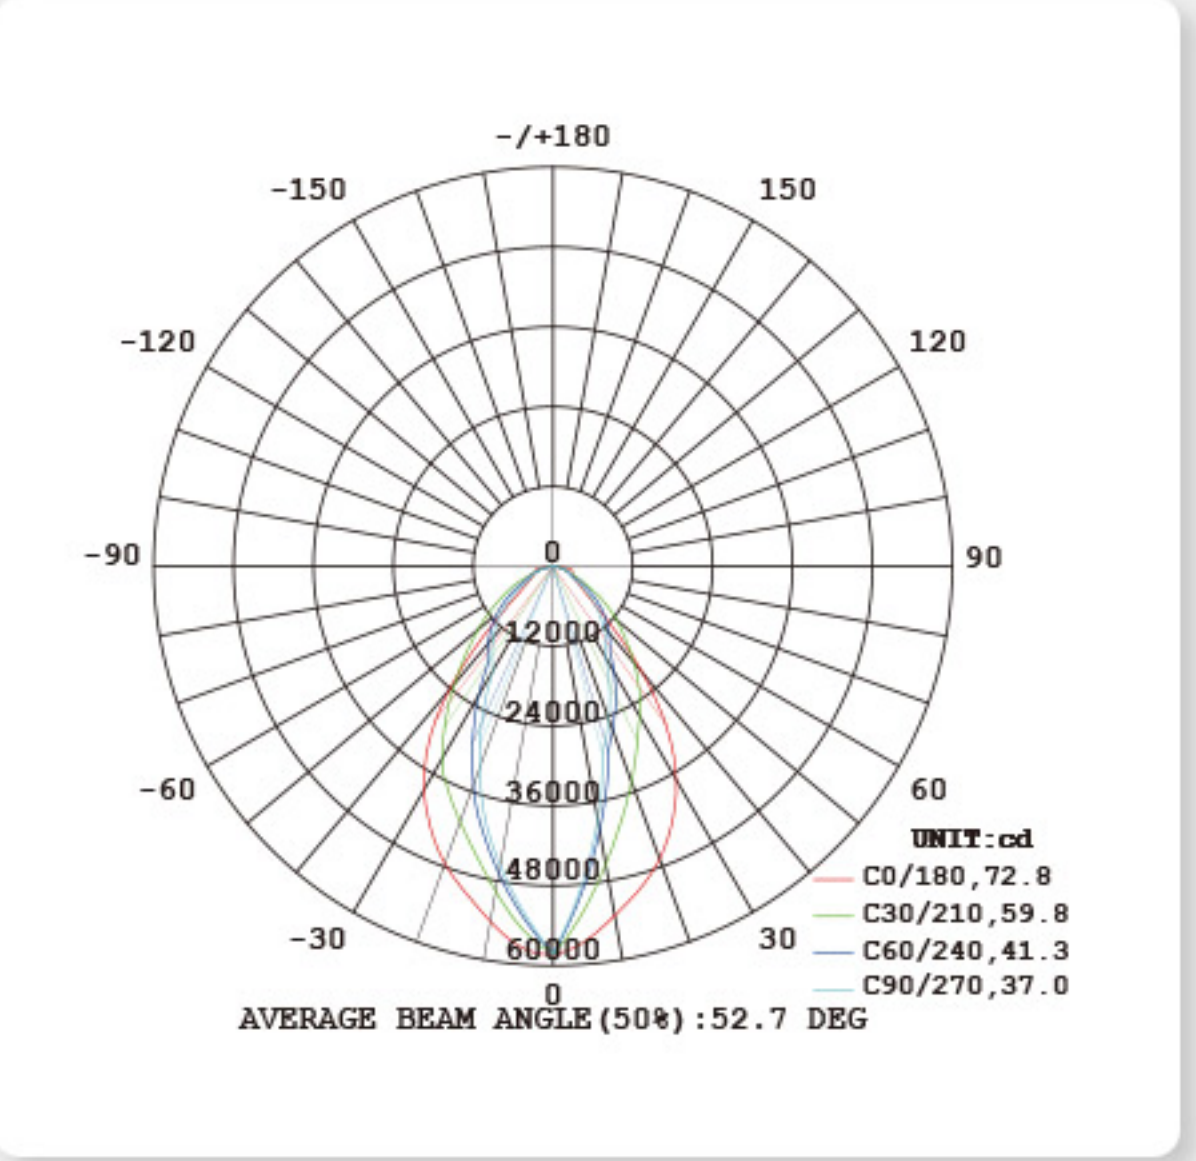

45°

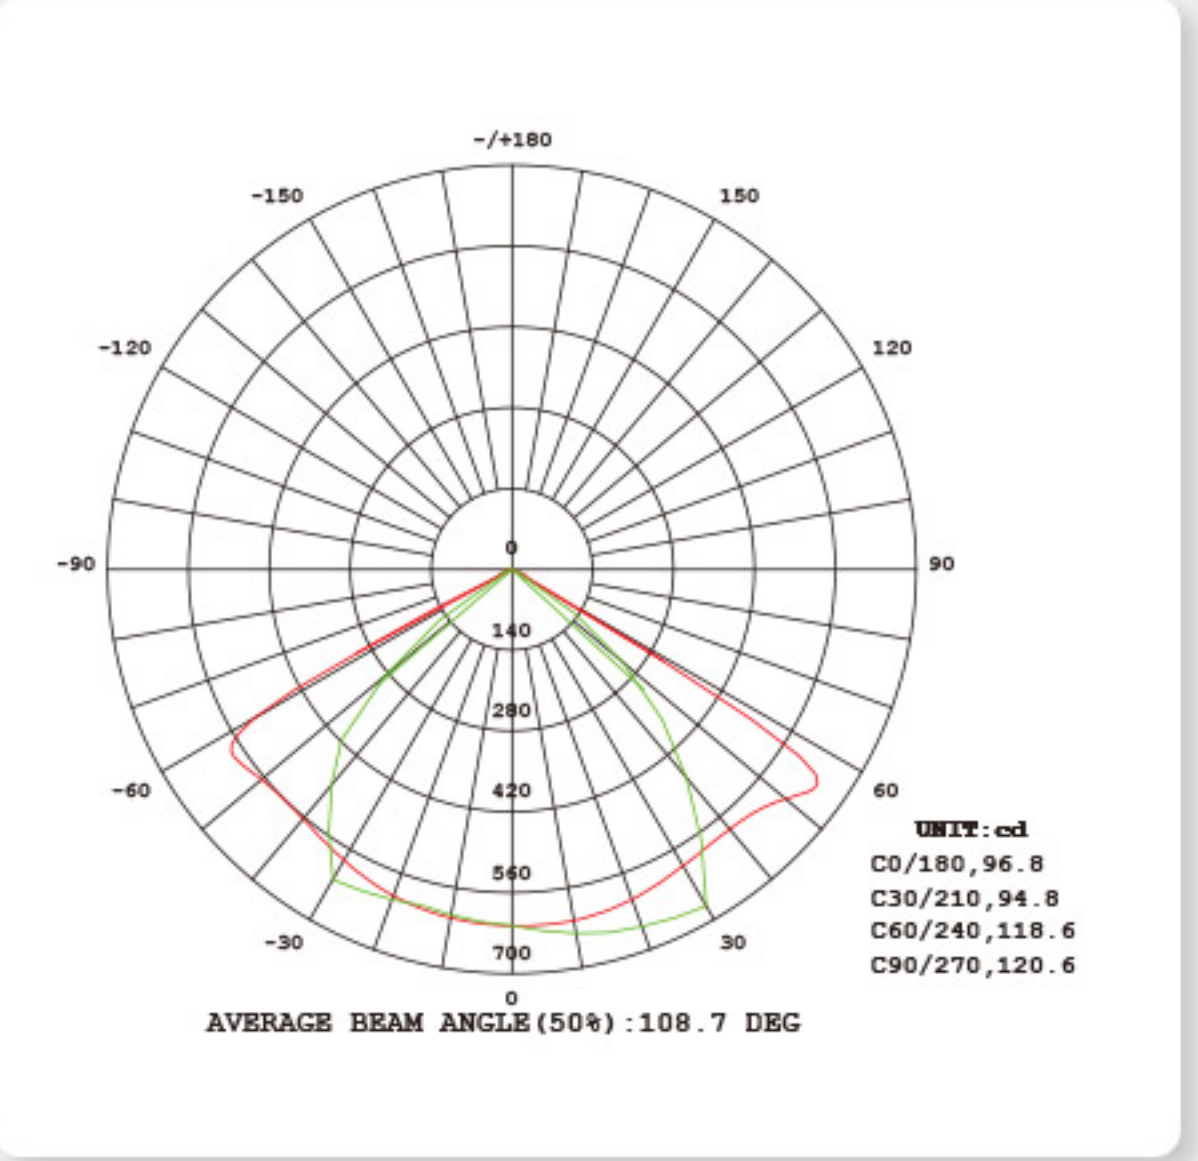

60°

90°

80°x140°

90°x120°

Applicable places

Football field

Stadium

Golf

Airport
