

## Wall-mounted Water Quality Multi-parameters Meter

**Model: MPG-6099**

### Mainly Application

Secondary water supply, aquaculture, river water quality monitoring, environmental water discharge monitoring etc

### Technical Features

<b>Display</b>	
Display	LCD: 7 inch touch screen
Data logger	128M
Power	24VDC or 220VAC
Protection	IP65
Input	RS485 Modbus
Download	With USB to download data
Output	2 ways of RS485 Modbus Or 1 way RS485 and 1 way for Wireless module
Dimension	320mmx270mmx121 mm
Max number of sensors	199 digital sensors
<b>Digital Water Quality Sensors</b>	
pH	0~14
ORP	-2000mv~+2000mv
Conductivity	0~2000ms/cm
Dissolved oxygen	0~20mg/L
Turbidity	0~3000NTU
Suspended solid	0~12000mg/L
COD	0~1000mg/L
Temperature	0~50°C
Note	It can be customized based required
