

# SH-T16 Intelligent Health Checkup Kiosk

## SH-T16Health Kiosk

### Functions

### Advantages

#### Member Management

Support face recognition IC card and other methods to quickly establish health records

#### Self-check Examination

The whole process of voice broadcast, animation graphic guide operation, simple and easy to operate, meet the needs of self-service physical examination;

#### Intelligent Interconnection

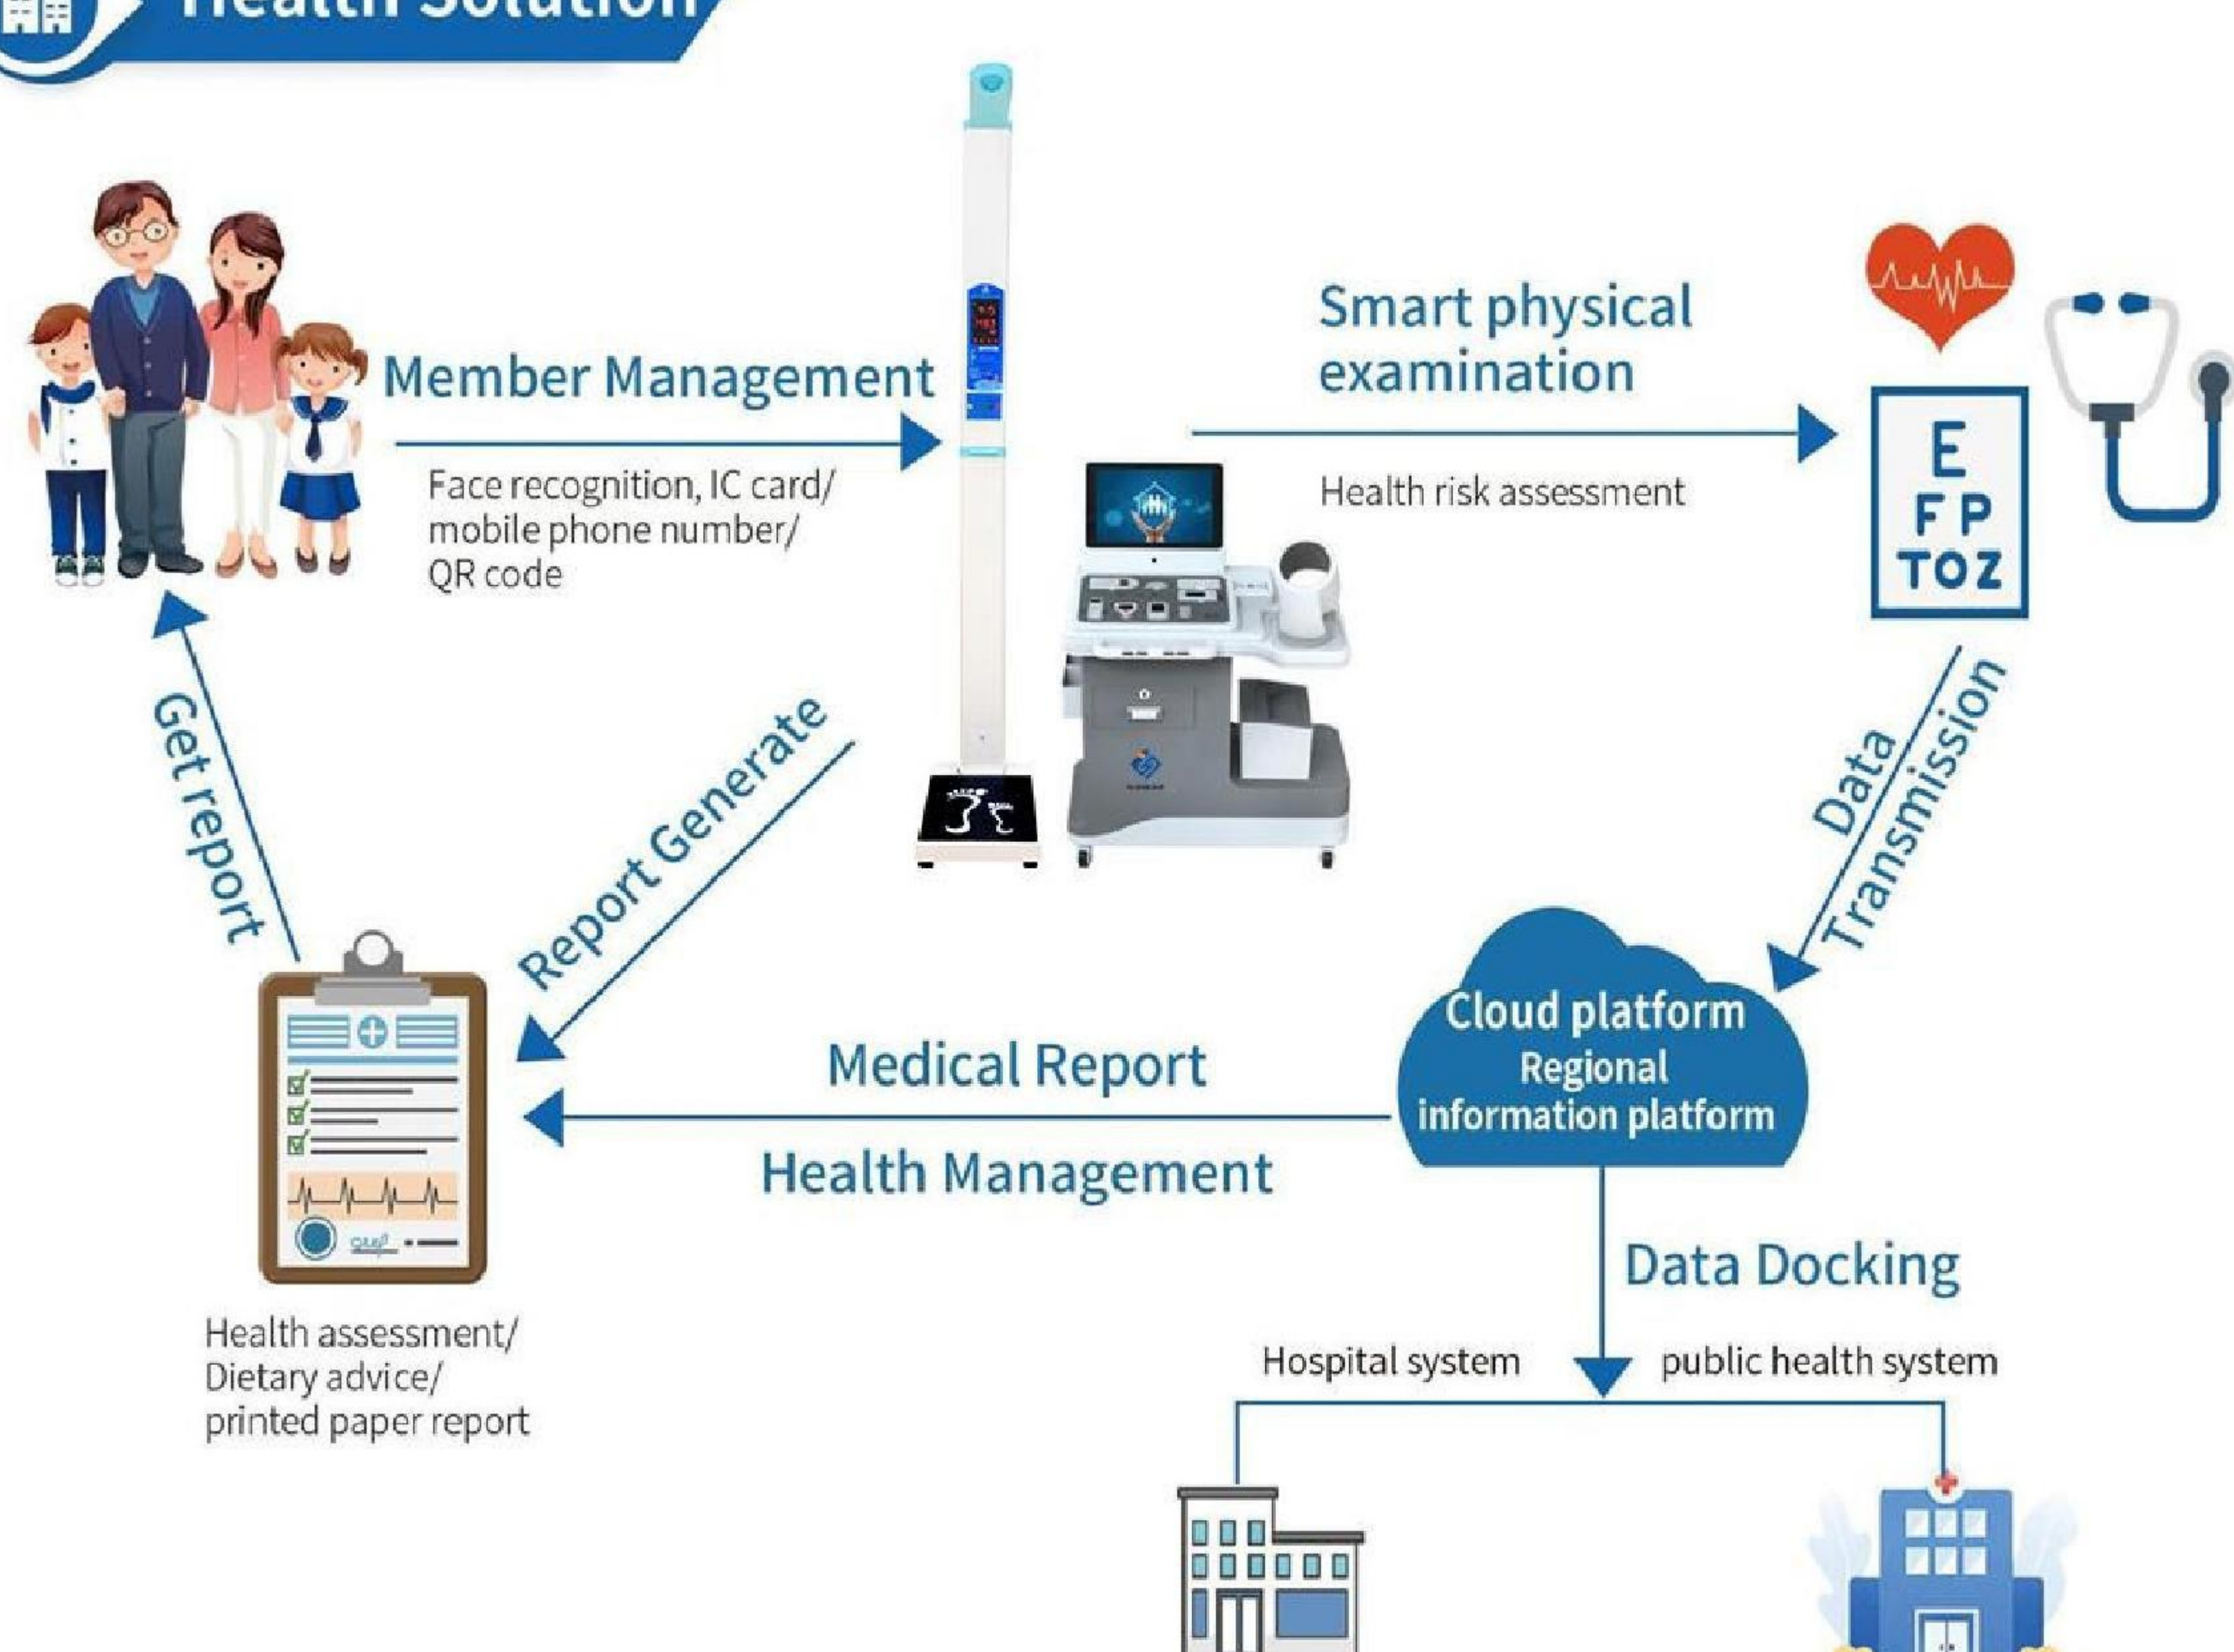

Support WiFi/RJ45 network port, etc. to transmit to the Internet or LAN; support QR code communication; data export, etc.;

#### Large Storage Space

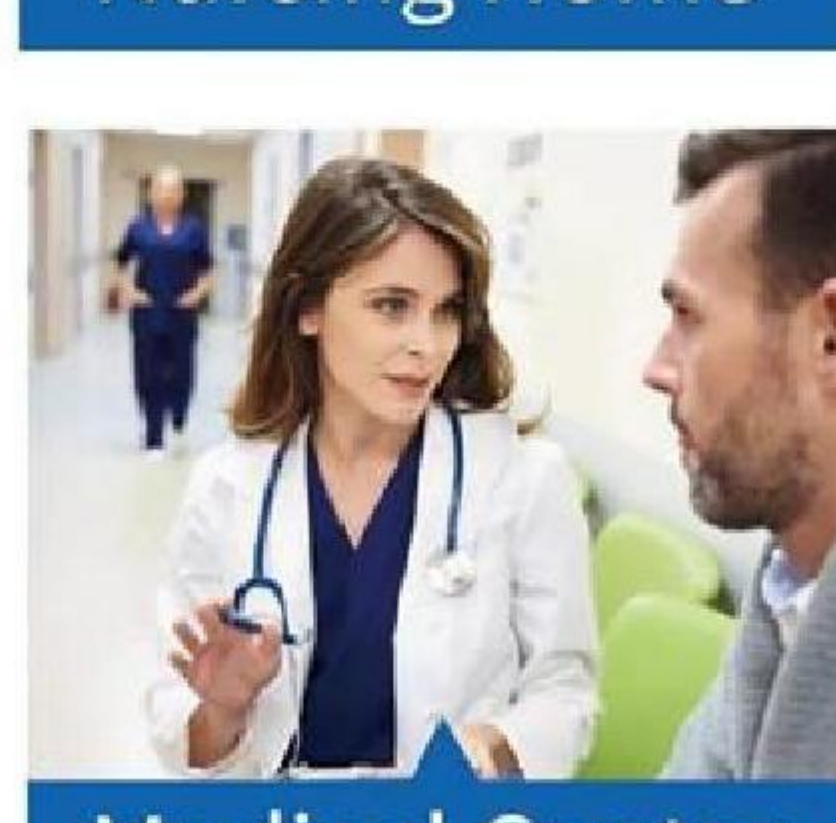

Larger storage space, store consumables such as test strips, neatly placed to avoid loss;

## SH-T16Health Kiosk

### Health Solution

### Application Scene

### Parameters

Control System	15.6 inches HD touch screen
Identification	Face recognition, mobile phone/membership number; QR code/barcode/IC card (optional)
Height	High-precision height sensor Height range: 20-203CM, height accuracy $\pm 0.5$ CM
Weight	Industrial-grade large-capacity load cell Weighing range: 5-500KG, weight accuracy: $\pm 0.1$ KG
Fat	Range: 5.0%-75%, division value: 0.1%; can analyze muscle, bone mass, basal metabolism, etc.
Blood Pressure	Electronic sphygmomanometer, range: 0-299mmHg (0-39.9kpa); pulse: 40-180 beats/min
Blood Oxygen	Finger clip oximeter, range: 35%-100%;
Temperature	Infrared forehead temperature gun, optional wireless temperature measurement
Blood Glucose	20-600mg/dl (1.1-33.3mmol/L); 20% when blood glucose concentration > 75mg/dl (4.17mmol/L)
Uric acid	Range: 3-20mg/dl (0.18-1.19mmol/L)
Cholesterol	Range: 100-400mg/dl (2059-10.35mmol/L)
ECG Analysis	12-lead ECG; Rapid ECG(optional)
Four Blood Lipids	Total cholesterol, high-density lipoprotein, triglyceride, low-density lipoprotein
Vision	Vision, astigmatism, color weakness and color blindness, etc.
Hemoglobin	Hemoglobin and hematocrit
Urinalysis	White blood cells, glucose, calcium ions, microalbumin, PH and other 14 health indicators
Data Output	WiFi/RJ45 network port to be transmitted to the Internet or LAN; QR code communication;
Docking System	APP, public health system, member management system, health software, etc.
Brand Promotion	Can customize screen pictures, videos, audios, text slogans, etc.
Health Report	Standard: Black white A4 printing, Optional: Color A4 printing
Dimensions	L*W*H: 780*680*1140mm; Gross Weight: 101KG;
