上禾科技
SHANGHE

Zhengzhou Shanghe Electronic Technology Co., Ltd.

Company Profile

Company main categories: Height Weight Scale, Coin Operated Scale, Multi-Functional Medical Scale, Health Check Up Kiosk, Body Composition Analyzer.

Height Weight Series

上禾科技
SHANGHE

Zhengzhou Shanghe Electronic Technology Co., Ltd.

SH-301 Height Weight Scale

★ Height range:50-205cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-500kg, 200kg (optional);
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Two measure models: measure height and weight;measure baby weight and adult weight at one time
★ Automatic voice broadcast of measurement results,can also be muted
★ 4.3 inch VA screen display indoor temperature, date and time
★ The machine have wheels at the bottom,easy to move
★ The machine can be folded, convenient for mobile transportation
★ Data communication: Bluetooth 2.0/4.0 (optional)
★ Printer (optional)

Parameters

Package size: A product is divided into two boxes:
124*24*20cm(6kg); 54*42*18cm(7kg)
Power consumption:≤6W
Working voltage:AC160V-250V,50Hz
Weight:Gross weight: 13kg Net weight: 8kg
Dimensions: 414*295*2223mm/L*W*H(mm)

SH-300 Height Weight Scale

★ Height range:50-205cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-300kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Intelligent calculation of BMI （Body mass index)
★ Multi-country coins are acceptable(optional)
★ Automatic voice broadcast of measurement results,can also be muted
★ 6.5 inch LED display indoor temperature and current date and time
★ The machine have wheels at the bottom,easy to move
★ The machine can be folded, convenient for mobile transportation
★ Units: cm, kg;
★ Data communication: RS232 or Bluetooth 2.0/4.0 (optional)
★ Thermal printer

Parameters

Package size: A product is divided into two boxes:
127*32*32cm(10kg); 47*58*21cm(11kg)
Power consumption:≤6W
Working voltage:AC160V-250V,50Hz
Weight:Gross weight:21kg Net weight:16kg
Dimensions:480*370*2300mm/L*W*H(mm)

SH-300G Height Weight Scale

★ Height range:50-205cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-300kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Intelligent calculation of BMI （Body mass index）
★ Multi-country coins are acceptable(optional)
★ Automatic voice broadcast of measurement results,can also be muted
★ 7 inch LCD display indoor temperature and current date and time
★ The machine have wheels at the bottom,easy to move
★ Optional units: 1.cm, kg; 2.m, kg; 3.pounds, feet and inches
★ Data communication: RS232, WiFi or Bluetooth, 4G, cloud interface (optional)
★ Thermal printer

Parameters

Package size: A product is divided into two boxes：
127*32*32cm(10kg); 47*58*21cm(11kg)
Power consumption:≤6W（about 1kw per 100hrs)
Working voltage:AC100V-240V (50Hz/60Hz)
Weight:Gross weight:21kg Net weight:16kg
Dimensions:480*370*2300mm/L*W*H(mm)

SH-500 Height Weight Scale

★ Height range:50-205cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-500kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Intelligent calculation of BMI （Body mass index)
★ Precision balanced beam resistance strain sensor
★ Automatic voice broadcast of measurement results,can also be muted
★ 10.2 inch LED Display indoor temperature, date and time
★ The machine have wheels at the bottom,easy to move
★ Unit: cm, kg;
★ Multi-country coins are acceptable (optional)
★ Data communication: RS232 or Bluetooth 2.0/4.0 (optional)

Parameters

Package size: A product is divided into two boxes：
176*35*24cm(17kg); 59*42*45cm(15kg)
Power consumption:≤15W （about 1kw per 100hrs)
Working voltage:AC100V-240V (50Hz/60Hz)
Weight:Gross weight:32kg Net weight:27kg
Dimensions:510*340*2320mm/L*W*H(mm)

SH-500A Height Weight Scale

★ Height range:50-205cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-500kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Ultrasonic non-contact height measurement
★ 10.1 inch LCD advertising screen, play promotional videos and pictures
★ Multi-country coins are acceptable (optional)
★ Support multi-languages
★ Intelligent voice broadcast, guide measurement
★ The machine can be folded (optional)
★ Data Communication: RS232,WiFi or Bluetooth, 4G, RJ45, cloud interface (optional)

Parameters

Package size: A product is divided into two boxes:
177*42*22cm(20kg); 44*68*50cm(25kg)
Power consumption:≤15W (about 1kw per 100hrs)
Working voltage:AC100V-240V (50Hz/60Hz)
Weight:Gross weight:45kg Net weight:40kg
Dimensions:580*340*2350mm/L*W*H(mm)

SH-V5 Height Weight Scale

★ Height range:50-205cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-500kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Ultrasonic non-contact height measurement
★ 10.2 inch LCD advertising screen, play videos and pictures
★ Multi-country coins are acceptable (optional)
★ Support multi-languages
★ Intelligent voice broadcast, AI guide measurement
★ Intelligent face recognition (optional)
★ Data Communication: RS232,WiFi or Bluetooth, 4G, RJ45, cloud interface (optional)

Parameters

Package size: A product is divided into two boxes:
177*42*22cm(20kg); 44*68*50cm(25kg)
Power consumption:≤15W (about 1kw per 100hrs)
Working voltage:AC100V-240V (50Hz/60Hz)

SH-700 Children Height Weight Scale

★ Height range:50-160/180cm(optional);
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-300kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Measure height, weight, BMI
★ 6.5 inch LED advertising screen
★ Displays indoor temperature, date and time
★ Intelligent calculation of body mass index
★ Intelligent voice broadcast, guide measurement
★ The body can be folded for easy carrying
★ Data Communication: RS232 or Bluetooth 2.0/4.0 (optional)

Parameters

Package size: A product is divided into two boxes:
127*32*32cm(10kg); 47*58*21cm(11kg)
Power consumption:≤6W (about 1kw per 100hrs)
Working voltage:AC100V-240V,50Hz
Weight:Gross weight:21kg Net weight:16kg
Dimensions:480*370*2080(1880)mm/L*W*H(mm)

SH-3008 Baby Scale

★ Height range:20-105cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:0.1-60kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Measure height, weight, BMI
★ Two LCD display,5-inch LCD screen displays current date, time and temperature in standby mode, 3-inch LCD screen will display the propaganda slogan in the standby state, and display operation prompt when measuring.
★ Zero clearing:Reset button is set to realize peeling function
★ Thickened soft surface design
★ Optional expansion:Printer, Bluetooth, Foot switch, Base cabinet
★ Data communication: RS232, Bluetooth (optional)

Parameters

Package size: 134*70*30cm(23kg)
Power consumption:≤6W (about 1kw per 100hrs)
Working voltage:AC100V-240V (50Hz/60Hz)
Weight:Gross weight:23kg Net weight:17kg
Dimensions:1250x600x200mm/L*W*H(mm)

上禾科技
SHANGHE

Zhengzhou Shanghe Electronic Technology Co., Ltd.

SH-603 Wheelchair Scale

★ Maximum weighing:300kg, division value: 0.1kg

★ 25mm character height LCD with white LED backlight

★ High-precision, high-sensitivity, high-performance precision balance beam pressure sensor

★ Single precision balanced pressure sensor weighing

★ Conforms to the human sitting posture, comfortable and safe

★ Foldable and adjustable pedals improve the convenience of operation

★ The rotatable armrest design is convenient for people to move from the bed to the seat scale

Parameter

Package size: 770x640x114mm(23kg)

Power consumption:≤6W（about 1kw per 100hrs)

Working voltage:

Input: AC 100-240V 50Hz/60Hz,Output: DC 12V/500m,

Built-in rechargeable battery: (7.2V/2000mAh) can be directly plugged in without battery

Weight:Gross weight:37kg Net weight:27kg

Dimensions:600x615x940mm/L*W*H(mm)

上禾科技
SHANGHE

Zhengzhou Shanghe Electronic Technology Co., Ltd.

SH-605 Wheelchair Dialysis Scale

★Maximum weighing:500kg, division value: 0.05kg
★ Non-slip carbon steel weighing platform
★ Ergonomically designed safety handrails
★ Simple and convenient operation
★ Medical weighing function: suitable for restless patients
★ Optional: support printing, RS232 data transmission
★ Working temperature: -5°C to 45°C
★ Scale height: 85cm

Parameter

Weighing pan size: 80x80cm
Power consumption:<12W
Working voltage:220V AC/DC dual use
Dimensions:Dimensions:100x100cm

SH-600GX Height Weight Blood Pressure Scale

★ Height range:50-205cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-300kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Intelligent calculation of BMI （Body mass index）
★ HD LCD 7.0-inch display system, play promotional videos, pictures
★ Multi-country coins are acceptable (optional)
★ Support printing in multi-country language, you can customize headers and footers, advertising slogans
★ Blood pressure and heart rate measurement: standing / sitting / free disassembly
★ Data communication: RS232, WiFi or Bluetooth, 4G, cloud interface (optional)

Parameters

Package size: A product is divided into two boxes：
127*32*32cm(10kg)； 44*68*50cm （16kg）
Power consumption:≤6W （about 1kw per 100hrs）
Working voltage:AC100V-240V (50Hz/60Hz)
Weight:Gross weight:26kg Net weight:19kg
Dimensions:480*480*2300mm/L*W*H(mm)

★ Height range:50-205cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-500kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Pressure: 0-299mmHg, Pulse: 40-180 beats/min
★ Precision balanced beam resistance strain sensor
★ Automatic voice broadcast of measurement results,can also be muted
★ 10.2 inch LED Display indoor temperature and current date and time
★ The machine have wheels at the bottom,easy to move
★ Unit: cm, kg;
★ Multi-country coins are acceptable (optional)
★ Data communication: RS232 or Bluetooth 2.0/4.0 (optional)

Parameters

Package size: A product is divided into two boxes:
176*35*24cm(17kg); 59*42*45cm(18kg)
Power consumption:≤15W (about 1kw per 100hrs)
Working voltage:AC100V-240V (50Hz/60Hz)

SH-X60 Blood Pressure Station

★ Blood pressure: 0-299mmHg(0-39.9kpa) Pulse:40-180 beats/min

★ 10.2-inch large screen design, intelligently display results/videos/ pictures/unit names

★ Automatic measurement of blood pressure and heart rate, support for left and right arm measurement

★ Support multiple identification methods

★ Printable health analysis report, dietary advice guide

★ Support ID card identification, scanning code identification and other identification methods

★ Data communication: RS232,WiFi or Bluetooth, 4G, RJ45, cloud interface (optional)

Parameters

Package size: A product is divided into two boxes:
610*370*330mm(kg); 680*470*410mm(kg)
Power consumption:≤6W (about 1kw per 100hrs)

Package size: A product is divided into two boxes:
177*42*22cm(20kg); 44*68*50cm(25kg)
Power consumption:≤6W (about 1kw per 100hrs)
Working voltage:AC100V-240V (50Hz/60Hz)
Weight:Gross weight:45kg Net weight:40kg
Dimensions:550*390*2350mm /L*W*H(mm)

SH-V19F Height Weight Body Fat Scale

★ Height range:50-205cm;
★ Weight range:2-500kg;
★ Electrode 8 electrodes
★ Measurement frequency: 20KHz, 100KHz
★ Ultrasonic non-contact height measurement
★ 19 inch LCD advertising screen, play promotional videos and pictures
★ Multi-country coins are acceptable (optional)
★ Support multi-languages
★ Intelligent voice broadcast, AI guide measurement
★ Intelligent face recognition (optional)
★ Data Communication: RS232,WiFi or Bluetooth, 4G, RJ45, cloud interface (optional)
★ Thermal printer, A4 printing (optional), Test result send to mobile

Parameters

Package size: A product is divided into two boxes:
177*42*22cm(20kg); 44*68*50cm(25kg)
Power consumption:≤6W (about 1kw per 100hrs)
Working voltage:AC100V-240V (50Hz/60Hz)
Weight:Gross weight:45kg Net weight:40kg
Dimensions:550*390*2350mm /L*W*H(mm)

SH-10F Body Composition Analyzer

★ In put height range:90-220cm;
★ Weight range:2-500kg;
★ Electrode method: 8 electrodes
★ Measurement frequency: 20KHz, 100KHz
★ 10.2 inch LCD advertising screen, play videos and pictures
★ Multi-country coins are acceptable (optional)
★ Support multi-languages
★ Intelligent voice broadcast, AI guide measurement
★ Intelligent face recognition (optional)
★ Data Communication: RS232,WiFi or Bluetooth, 4G, RJ45, cloud interface (optional)
★ Thermal printer, A4 printing (optional), Test result send to mobile

Parameters

Package size: one carton box:
121*48*36cm(23kg)
Power consumption:≤6W（about 1kw per 100hrs）
Working voltage:AC100V-240V (50Hz/60Hz)
Weight:Gross weight:23kg Net weight:20kg
Dimensions:550*380*1150mm /L*W*H(mm)

Zhengzhou Shanghe Electronic Technology Co., Ltd.

SH-1000 Health Checkup Kiosk

★ Height range:50-205cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-500kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Intelligent calculation of BMI （Body mass index）
★ Precision balanced beam resistance strain sensor
★ Automatic voice broadcast of measurement results,can also be muted
★ 10.2 inch LED Display indoor temperature and current date and time
★ The machine have wheels at the bottom,easy to move
★ Unit: cm, kg;
★ Multi-country coins are acceptable (optional)
★ Data communication: RS232 or Bluetooth 2.0/4.0 (optional)

Parameters

Package size: A product is divided into two boxes:
176*35*24cm(17kg); 59*42*45cm(18kg)
Power consumption:≤15W （about 1kw per 100hrs）
Working voltage:AC100V-240V (50Hz/60Hz)
Weight:Gross weight:35kg Net weight:30kg
Dimensions:570*520*2320mm/L*W*H(mm)

SH-10XD Health Checkup Kiosk

★ Height range:50-205cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-500kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ Ultrasonic non-contact height measurement
★ 10.1 inch LCD advertising screen, play promotional videos and pictures
★ Multi-country coins are acceptable (optional)
★ Support multi-languages
★ Intelligent voice broadcast, AI guide measurement
★ The machine can be folded (optional)
★ Data Communication: RS232,WiFi or Bluetooth, 4G, RJ45, cloud interface (optional)

Parameters

Package size: A product is divided into two boxes:
177*42*22cm(20kg); 44*68*50cm(27kg)
Power consumption:≤15W（about 1kw per 100hrs)
Working voltage:AC100V-240V (50Hz/60Hz)
Weight:Gross weight:48kg Net weight:43kg
Dimensions:620*560*2350mm /L*W*H(mm)

SH-T15 Pro Health Checkup Kiosk

★ Height range:50-205cm;
accuracy:±0.5cm, division value: 0.5cm or 0.1cm adjustable
★ Weight range:2-500kg;
accuracy:±0.1kg, division value: 0.1kg or 0.01kg adjustable
★ 15 inch HD LCD touch screen
★ Main functions:Height/Weight/BMI/Body fat composition/Blood pressure/Body temperature/Blood oxygen/Blood sugar/Urine analysis/Cholesterol/Waist to hip ratio/Vision test/Psychological test
★ Optional functions:Alcohol test/ECG(12 leads)/Hemoglobin/Four items of blood lipids/A4 black and white/color printing
★ Support multi-languages
★ Intelligent voice broadcast, AI guide measurement
★ Communication: RS232,WiFi or Bluetooth, 4G, RJ45, cloud interface (optional)

Parameters

Package size: 1080*760*1550mm(80kg) wooden box
Power consumption:≤15W (about 1kw per 100hrs)
Working voltage:AC100V-240V (50Hz/60Hz)
Weight:Gross weight:80kg Net weight:55kg
Dimensions:965*709*2316mm/L*W*H(mm)
